20% Hike In Suburban Fares On Rock Island Is Now In Effect

A 20 per cent increase in suburban fares granted to Rock Island railroad by the Illinois commerce commission became effective last Saturday, Feb. 22.

This ruling effects 17,000 commuters extending from Joliet to Englewood, and is generally looked upon as the forerunner of a round of fare increases on suburban lines running into Chicago.

The commerce commission gave the Rock Island the go-ahead by vacating a suspension it had placed on the rates sought.

In all there are some 82,000 Chicago area commuters who face fare increases. All the other roads are asking for a fare increase of 30 to 70 per cent.

The Rock Island also is seeking permission to drop one of seven round-trip trains between Rock Island and Chicago. The train the road would take off leaves Chicago at 9 a.m. and arrives in Rock Island at 1 p.m. and leaves Rock Island at 5:32 arriving in Chicago at 10:15 p.m.

A comparison of the present and new fares on the Rock Island between Chicago and the points enumerated below gives one a better idea of what the increase means.

	Present	New
Joliet	\$24.20	\$30.55
New Lenox	22.90	27.50
Mokena	21.15	25.40
Tinley Park	18.60	22.30
Oak Forest	16.85	20.20
Midlothian	16.00	19.15
Robbins	15.45	18.55
Blue Island		
(119th st.)	14.35	17.25

The new rates became effective at 12:01 a.m. Saturday and before that time hundreds of persons took advantage of the old rate to purchase 10 and 25 ride tickets that are good for a year.

One Mokena man, for example, spent \$103 on such tickets.

The 46-ride monthly tickets, however, did not go on sale for March until Tuesday, Feb. 25, and so of course sold at the new rate.

Girl Loses Three Fingers In Accident At Furniture Plant

Doris Schroth, 21, daughter of Mr. and Mrs. Clarence Schroth, Green Garden township, lost three fingers of her right hand last week in an accident at the Steger Furniture Co., where she was operating a router.

The first three fingers became caught in the machine and were so badly mangled it was necessary to amputate them at the second joint.

She was taken to St. James hospital, Chicago Heights, where the surgery was performed. She is still a patient at the hospital. The accident took place Wednesday, Feb. 19.

Mokena Teen Tones to Appear on TV

The Mokena Teen Tones will appear on television Friday, Feb. 28, on the Wally Phillips teen program over WGN-TV, between 4 and 5:30 p.m.

They will play in a contest to find the most popular teen combo in Chicagoland.

The Teen Tones are composed of Tommy Rickets on the electric guitar; Jim Stanek, drums; Tommy Williams, Leonard Hemrick and Charles Otto, saxophones, and Sandy Swinford, piano. Norval Robinson is the director.

Orland Issues Permit For \$17,000 Home

The village of Orland Park issued a building permit to W. J. Schneider. He plans to build a brick veneer ranch type home at 14551 Westwood drive, with a valuation of \$17,000.

Too many parents tie up the dogs and let their 16 year olds run loose.

Orland Youth Gets Rank Of Eagle Scout

More than 250 persons—Boy Scouts, Cub Scouts and their parents, families and guests—attended the Blue and Gold dinner Saturday night, Feb. 22 in the Orland Park grade school gymnasium.

John Taylor, patrol leader of Bobcat Patrol, Troop 251, was master of ceremonies. The invocation was given by the Rev. Robert L. Plastow, pastor of the Orland Park Methodist church.

One of the highlights of the evening was the presentation of the rank of Eagle Scout to Robert Kaiser, son of Mr. and Mrs. Joseph Kaiser.

George Flondor, Jr., and Louis Meredith served as honor guards to escort Robert to the lectern where William Ramsay, district chairman and Ray Radeke, field Scout executive of Pokagon Council, explained the Eagle rank and gave a history of Bob's scouting career since 1954.

Mr. and Mrs. Kaiser were also escorted to the lectern where the mother pinned the Eagle badge on her son's tunic. Mrs. Kaiser was presented with a bouquet of 21 red roses, tied with blue and gold satin ribbon, representing the 21 merits of scouting. The presentation was made by Ralph Town, recently appointed vice president of Pokagon Council.

Other guests at the dinner included Charles Nelson, district commissioner; Ray Donovan, chief scout executive and William Young, member of Pokagon Council executive board.

Troop 251 is sponsored by the Orland Park American Legion post and the Legion Auxiliary is sponsor of Cub Pack 218.

Joseph Bauer, assistant Cubmaster presented the following awards: Bobcat pins: George Davidson, Gary Cruise, Michael Clark, Larry Clark, John Thompson and Robert Benson.

Wolf badge: William Wheeler, David Uthe.

Gold and silver arrow: David (Continued to page 16)

Mokena School Band to Give Concert Sunday

The Mokena grade school band will present its first concert at 2:30 p.m. Sunday, March 2, in the school.

Admission is free, but a free will offering will be taken.

Perry Friedman, band leader, announces the 32 members of the band will present a varied musical program. Some of the selections are "Grant Us Thy Peace" by Bach; "March the Step Off", the "Pacemaker", "The Beginner's Polka" by Bette, the French tune, "Au Claire de la Lune", and the number made popular by Elvis Presley, "Aura Lee."

There will be two ensembles woodwind and brass, and a presentation of the "London Bridge Overture."

Band students have been practicing diligently for the past six months in preparation for this first concert.

It is hoped for a large audience of appreciative listeners to encourage the children in their musical training.

Consecrate Frankfort Methodist Church at Special Service Sunday

Special services to consecrate the new Frankfort Methodist church, March 2, have been announced by Rev. Ben F. Day, pastor. Two services will be conducted with guest preachers at each.

I. G. A. Store Opens In Orland Next Tuesday

To serve Orland Park and the surrounding communities, a new I.G.A. Food store will open Tuesday, March 4, in the Orland shopping center. The store which is 60x140 feet faces on 143rd st.

Owner of the store is Edward Schuetz Jr., of Palos Park who is a third generation of his family to operate a grocery store. He also owns two other stores, one at 100th st. in Jeffery Manor and the other on 82nd st., in Chicago.

Mr. Schuetz invites everyone to attend an Open House being held in the store on Wednesday, March 5.

The store will be amply stocked with a large variety of fresh merchandise. Four food cases will carry all types of frozen foods. Fresh fruits and vegetables will be delivered daily.

The super market is of the latest modern design and has four conveyor type checks out counters. Walls of the store are in pastel shades of green and yellow.

For the convenience of shoppers the store will be open from 9 a.m. to 9 p.m. Monday thru Friday; on Saturday from 9 a.m. to 6 p.m. and on Sunday from 9 a.m. to 2 p.m.

There will be 15 employees in the store to take care of customers' needs.

Opening of the new I.G.A. store will add to the convenience of shoppers in the rapidly expanding community.

New Lenox Police Commissioner Hurt In 2-Car Collision

Condition of Police Commissioner James F. Battle, 56, New Lenox, who was injured last Thursday in a two-car collision on East Cass st., Joliet, is reported as improved.

He has a fracture of the left arm, and head and knee injuries and is a patient at Silver Cross hospital, Joliet, where he was taken after the accident.

Battle's condition was described as serious when he arrived at the hospital and it was necessary to administer plasma.

The driver of the other car, William B. Price, 31, of 309 1/2 Algonquin st., Joliet, was treated at the hospital for abrasions to his nose and right knee.

Sheriff's deputies who covered the accident reported that Battle was traveling west on Cass when his car was hit by Price, who was driving east at high speed. The deputies added that according to information given them Price is alleged to have swerved out of his lane and into that traveled by Battle and the two vehicles met head-on.

One of the most encouraging aspects of the world today is the extent to which most of the people of the world are seeking to be better neighbors to each other. — Boone County Courier.

The emphasis will be on worship at the 10:30 a.m. service. Dr. R. Merrill Powers, Joliet-Dixon district superintendent, will preach on the theme "For Such A Time As This" Other features of the service will be anthems by both the junior and senior choirs. New junior choir robes will be worn for the first time at this service.

At noon the building committee and other principals of the two services will join in a buffet luncheon at the parsonage. Several out of town guests will be included.

The afternoon activities will commence with an organ concert at 2:00 p.m. Larry Cullison of New Lenox and Illinois Wesleyan university will play. A second tone cabinet has been added to the organ recently to accommodate the larger sanctuary of the new building.

Rev. Mr. Miller to Speak

The Rev. Ralph L. Miller, Christ Methodist church, Rockford, will be the featured speaker at the 2:30 p.m. consecration service. Rev. Miller, a native of Joliet and former pastor at New Lenox, has recently organized a new congregation and spurred a building program on the east side of Rockford. He will speak on the theme "The Church, You and God."

Other speakers will include Rev. Samuel Weisharr, Frankfort, representing former pastors, Rev. William B. Hill, Joliet, Will County Ministers' association president, and George Sangmeister, mayor of the village of Frankfort. Each will (Continued to page 16)

2 Announce For School Board At New Lenox

With three full term positions to be filled in the annual school election in the New Lenox grade school district on Saturday, April 12, petitions are being circulated by two candidates for the positions.

J. Earl Robinson, present secretary of the board and a member of the New Lenox board for 13 years, is a candidate to fill one of the vacancies. Harlow Jensen, a secretary of the Francis school board of directors until that district was annexed to the New Lenox district last year, is the other candidate announced to date.

Members whose terms expire this year in addition to Robinson are Eugene McGovney and Llew Eggers. Mr. Eggers has received a promotion by his employers, the Ruberoid company, and will be moving soon to Kansas City, Mo. The press of other responsibilities has caused Mr. McGovney, a former board president, to decide not to run again in April when his term expires.

Any persons interested in becoming board members can obtain petitions at the Oakview school office. Petitions can not be filed before Feb. 26 or after March 22. In the New Lenox district 50 names are necessary on the petition to put the candidates names on the ballot.

New Lenox to Get More Toll Free Service March 16

"Extended area" telephone service is coming to the New Lenox area on Sunday, March 16, it was announced, by telephone manager Howard Gramm.

The new service, which will provide wider toll-free calling for telephone users in New Lenox and many other communities in the southwest suburban area, is scheduled to begin at 12:01 a.m. on that day, Gramm said. At that moment, Illinois Bell will put into operation the special central office equipment and additional telephone cables it has been installing since 1956, when the new calling service was sanctioned by the Illinois commerce commission. The equipment is necessary to handle the greatly increased interexchange calling expected to result from the new calling plan.

Beginning March 16, New Lenox telephone users will be able to make unlimited calls without toll charges to all telephones in Joliet, Manhattan and Lockport, in addition to phones they can now call toll-free in New Lenox and Mokena.

In turn, telephone customers in these communities will be able to call New Lenox and some other exchanges near them on a local, toll-free basis.

Telephone Manager Gramm said that when the new service starts, a new method of calling between New Lenox and nearby towns will go into effect. This new method is explained in the new 1958 telephone directory, to be delivered to all customers here early in March. The company, he said, is also mailing instructions on the new calling method to all customers along with their current telephone bills. This "calling code" card should be placed near the telephone and used beginning March 16, he said.

Wennlunds Buy Fowler Piano Co. For \$400,000

Donald F. Wennlund, of New Lenox, his brother William of DeKalb, have purchased the Fowler Piano Co. of Joliet for \$400,000. The new firm has the corporate name of the Fowler Piano and Organ Co., Inc.

Wennlund, who has been serving the Fowler company as general sales manager for several years, will direct the activities of the business which will continue to operate under its present name.

His brother is a factory representative of the Wurlitzer Organ Co. at DeKalb.

The building occupied by the Fowler firm at 104 North Ottawa street, Joliet, is owned by the Fowler Building Co., Inc., and is not included in the deal. The business will continue to operate in that location and Wennlund hopes to meet his friends there.

The purchase price is said to include all conditional sales contracts and all the inventory. Fowlers have a big sheet music and record business, as well as selling pianos, organs, other musical instruments radios, record players and tape recorders.

The company had its beginning in September 1939 when William H. Fowler, the founder, found 13 a very lucky number indeed. He started business with 13 pianos—on consignment—\$700 capital, and a formula: "Have faith; put all your effort into it and nothing can keep you down."

That the formula is a good

Also Gerry Munch, Marlene Stanger, Sharon Smego, Joyce and Jean Smith.

The Lincoln-Way High band, under the direction of Robert Taylor, performed before and after the program.

A special thanks goes to the Lincoln-Way students who did a fine job of handling the lighting for the program.

Phone Users At Orland to Get Wider Range

Over 400 Orland Park telephone customers—those with "metropolitan" and "rural" types of service—will have their local, toll free calling areas enlarged Sunday, March 16.

Illinois Bell Telephone company is putting an "extended area" calling plan into effect on that day which will eliminate toll charges to some nearby towns by Orland Park telephone customers with these types of service.

About 300 Orland Park customers with rural type service will have 22,000 telephones in Blue Island, Lemont, Lockport, and Mokena added to their local calling area, and toll charges of 10c or 15c on calls of 5 minutes or less to these towns will be eliminated. Basic monthly rates for rural service subscribers will be increased by 25c beginning March 16.

Another 110 Orland Park customers with metropolitan type service will have Lockport added to their local, toll free calling area beginning the same day, without increase in their basic monthly telephone rates.

The calling plan was approved by the Illinois Commerce Commission.

One Mr. Fowler said, is attested by the fact that the company has done \$10,000,000 of business since its founding.

Mr. Fowler and wife expect to spend considerable time now in traveling.

Don Wennlund is a former member of the New Lenox village board, and is quite active in the Lions club. He is a past district governor of the Lions.

Uses Power Saw to Free Driver Pinned in Cab

A power saw in the hands of Sylvester Tyler, U. S. 30, freed the driver of a semi-trailer Tuesday morning when the heavy vehicle skidded on the icy coating on the pavement and brought up against a tree along the shoulder.

One side of the cab was against the trailer and the other was against the tree. Tyler, who lives nearby, was awakened by the crash and investigated. Seeing how the driver, Albert Reitz, 35, of South Bend, was trapped, Tyler got a power saw and cut away the branches jammed against the cab door.

In the meantime Will county Sheriff's deputies Charles Hahn and Robert Munson had arrived and sent for the fire department to extricate the driver.

The accident occurred about half a mile east of U. S. 45. The semi-trailer was traveling east and in starting down a slight grade it skidded and jack-knifed.

The driver was taken to Silver Cross hospital where he was held for x-rays and observation. He complained of pains in his back and was also cut about the head.

Band Boosters Elect Officers

The newly organized Mokena band boosters will meet the third Thursday of each month at 7:30 p.m. in the Carpenter street school.

Formed to aid the grade school band, anyone interested may become a band booster.

The second meeting of the group was held last Thursday, at which time the following officers were elected: Vernon Bormet, president; Mrs. Cecil Hale, vice president; Mrs. George Krueger, secretary, and Mrs. Ralph B. Howell, treasurer.

Appointments were made as follows: Mrs. Russell Anderson, chairman of social committee, and Mrs. Ray Westlund, publicity chairman.

There were 30 persons at the last meeting. The band has 31 members. Refreshments were served.

Director of the band is Perry Friedman.

New Lenox Man Meets Ex-Mokena Resident on Coast

Chauncey Miller of New Lenox who has been visiting with his sister and family in Hemet, Calif., for the past month had a pleasant surprise while there of meeting former Mokena residents.

As he pulled into a gas station at Hemet, the attendant noticed his Illinois license plates and inquired where he came from. When Mr. Miller mentioned New Lenox which he was sure would mean nothing to the attendant, he was surprised to learn that he did know about New Lenox. The attendant happened to be John Fox, former Mokena resident, who now owns and operates the gas station.

Mr. Fox asked Mr. Miller to remember he and his wife to all their Mokena friends. The Mokena friends of Mr. and Mrs. Fox and family are happy to know of their success.

Mokena C. of C. Will Hold Annual Dinner March 2

National 4-H Week to Run Thru March 1-8

4-H club members in Cook county this year are observing National 4-H Club week from March 1 thru 8.

Assistant Farm Adviser, William F. Whiteside, reports that as usual one of the main activities during National 4-H club week will be to tell more eligible boys and girls about 4-H Club work and enroll them in a club for the coming year.

Membership goal for Cook county this year has been set at 1350. Total 1957 membership was 1250.

As a special part of National 4-H Club week in 1958, Cook county 4-H'ers are also making plans for special "Salute to 4-H Parents" in keeping with the theme this year.

Parents are a very important part of 4-H club activities, Whiteside says. Much of the program is centered in the home, and parents have an opportunity to learn as their boys and girls do.

Parents will be guests of honor at local club meetings throughout the county, as club members.

Orchard Hill Kids Hit the Jackpot . . . Visit Bakery

Teaching is usually not sugar coated at Orchard Hill Kindergarten, but the Feb. 26 field trip to the Tinley Park Service Bakery may provide a toothsome reward to the children who attend this exceptional school as they learn about the operation and manufacture of a source of our vital food supply. That same trip will include a visit to the Tinley Park Fire Station where the children will find out about the equipment used in modern fire fighting and other emergencies.

There have been numerous opportunities for Orchard Hill pupils to practice their learning of the ABC's when valentines were exchanged at school. During this month emphasis was on numbers as the children learned about telephone operations and manners with the aid of two plastic phones loaned to the school by the Illinois Bell Telephone company.

Carpentier Acts in Two License Cases

Secretary of State Charles Carpentier has acted in two cases in the area involving driver's licenses.

He has revoked the licenses of James L. Abell, Lincoln Estates, Frankfort township, for conviction of driving while intoxicated in Indiana.

He has suspended the license of Robert E. Bell, Route 1, Marley, following three convictions for moving traffic violations.

In 1861 there were two presidents in the United States—Lincoln in the North and Jefferson Davis in the South.

Seek Members for Senior Club of Palos Area

A Senior Citizen's club which will appeal to the mature group may be formed in the Palos and surrounding area by the Palos Heights Woman's club, who are conducting a survey to determine how many would be interested in such a club.

The organization of such a group would enable the older people of the community to meet other area residents with mutual interests.

The club will be open to anyone desirous of enlarging their social activities at a period when home responsibilities are lessening, and to share group interests and hobbies.

The club will meet at the Community Center Foundation where key resource personnel will be available to assist in arranging activities desired by the group. It is planned to hold the first meeting in the spring, the exact date to be announced after the registrations have been completed by April 5.

Any person wishing to register or who desire more information may call Mrs. Paul Lindenmeyer Gibson 8-1096 or write Box 533, Palos Heights.

Tinley Park VFW Auxiliary Donates To Hospital Fund

At the meeting of the Auxiliary of VFW No. 2791, held Feb. 18, the annual donation was made to the Holy Cross hospital and the national cancer fund. Money for the latter was accumulated by the selling of greeting cards.

Mrs. Mike Haber, cancer chairman, has started a cancer project, whereby members will meet and make items that are much needed for the cancer society. This work will be done after each business meeting, the first of each month.

The Auxiliary gave two flags last week. One to the newly formed Girl Scout troop 587 at Kimberly Heights with Mrs. David DeVault and Mrs. Kermit Mattson officiating at the presentation and the other to another newly formed Girl Scout troop at Navajo Gardens. At the presentation ceremony, Mrs. Robert Hill, president, and Mrs. DeVault, Jr., vice president, officiated.

Hostesses for the Feb. 18 meeting were, Mrs. Ray Sullivan and Mrs. John Johnson. The table decorations and refreshments were in keeping with Washington's birthday.

Games were played following the business session.

Starting with the next meeting March 4 attendance prize will be given.

She will conduct a white elephant and bake sale in her home on Beacon ave., Friday, April 18 from 10 a.m. to 5 p.m., proceeds to go toward this drive. Anyone having items for this sale may contact Mrs. Ekberg. Nine people from Orland went thru the Cancer Prevention Center and 12 more are waiting for an appointment for March 26.

Mrs. Ekberg's resignation as president at the expiration of 1958 club year was accepted.

The club will contribute \$5 toward the Carl Sandburg high school caucus. Mrs. Harry Pihl, Mrs. Fred Blackstone and Mrs. Eric Enblom were elected to serve on the nominating committee.

Mrs. Fred Blackstone, program chairman introduced F. F. Burrows, Jr., who presented a talk on traffic safety, a movie and demonstrations with a touch of magic. Adhering to rules, regulations and common sense, one can avoid disaster on the highways, he said.

Refreshments were served by Mesdames Ekberg, Harry Ahnell, Oswald Janisse and Sherman Knox.

Mrs. Ekberg was a guest of Brainerd Woman's club, Tuesday, Feb. 18. Rev. Kenneth Hilderbrandt, pastor of Central church, Chicago, was guest speaker and spoke on "Art of Living Together."

Cook County Home Adviser Speaks at Orland Meeting

Mrs. Claradehl Upham, Cook county home adviser gave an interesting lesson on "Your Emotions and You", at the regular monthly meeting of the Orland unit of the Cook County Home Bureau held in the Richard Yang home, Orland Park, Thursday evening, Feb. 20. A new member, Mrs. Mabel Ekberg, Orland Park, was welcomed.

Present were Mesdames, Richard Yang, Charles Bezdek, Ray Myrick, Harry Anderson, Eric Enblom, William Horton, George Flonders, George Sayers, Oscar Mack and Miss Mary Ginder and Miss Clara Myrick. A visitor, Mrs. William Freitag, Alpine, was also present.

Refreshments were served by Mrs. Sayers and Miss Myrick.

Henry Krapf Dies Suddenly

Henry A. Krapf, 75, died suddenly last Sunday at his farm home in Peotone township, apparently from a heart attack. He was stricken as he was getting ready for church.

Mr. Krapf was born Feb. 4, 1883 in Green Garden township and spent all his life farming there and in Peotone township.

Since his wife, Anna, died two years ago, Mr. Krapf lived by himself. He is survived by two daughters, Ruth, Mrs. Walter Kopman, and Esther, Mrs. Edwin Heisner, both of Peotone township; one sister, Mrs. Mary Bettenhausen, of Green Garden; one brother, Jacob, of Manhattan and 11 grandchildren. A son, Erwin preceded him in death.

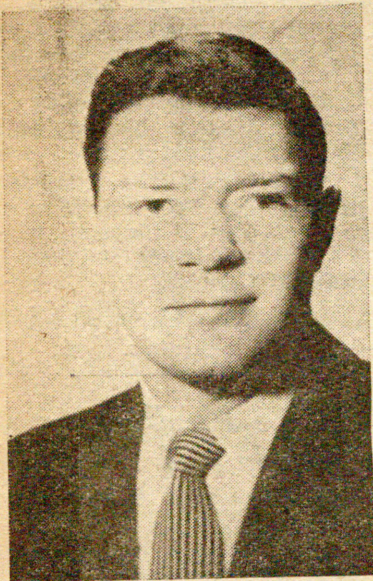

Removal was to the Klemm funeral home, Manhattan, from where services were held yesterday at 1:30 o'clock to the Green Garden Methodist church at 2:00, with the Rev. John B. Vautrin officiating.

Burial was in Green View cemetery, Green Garden.

Another Dentist Joins Clinic

Dr. George Morgan has recently joined Dr. Joseph Petnuch in the practice of general dentistry with offices in the Hedges clinic.

Born in Chicago, Dr. Morgan received his elementary and secondary education in that city. He holds a Bachelor of Science

degree from St. Mary's college, Winona, Minn., and is a graduate of the Chicago College of Dental Surgery, Loyola university. He also did post graduate work in maxillo facial prosthetics at the Rock Falls Rehabilitation center for the handicapped.

He is a member of the American Dental Association, the International association for Dental Research and was recently appointed to the American Academy of Maxillifacial Prosthetics.

Dr. Morgan has moved into apartment at the clinic.

Hold Funeral For Crash Victim

Last rites for Andrew Miller, 57, late of 18201 S. Harlem ave., Tinley Park, a truck accident victim, was held Monday afternoon at 1:30 o'clock at the Hirsch funeral chapel with the Rev. Kenneth Crandall officiating. Interment was in Mt. Greenwood cemetery.

Mr. Miller, who was a truck driver for the Cities Service Oil Co. was killed late Wednesday night of last week (Feb. 19) when the tow truck in which he was a passenger collided with another truck on the Indiana toll road, seven miles south of South Bend.

Indiana state police said that Miller's truck had been disabled and was being towed when the accident occurred. The man with whom Miller was riding, George O. Vine, Chicago, escaped injury. The driver of the other truck, Glenn Weirich, 28, of Moonachie, N. J., was injured and removed to a South Bend hospital.

Mr. Miller had been in the employ of the Cities Service company for the past 15 years and belonged to the Doherty Fraternity of that organization. The family has resided at Tinley Park for 13 years.

Besides his wife, Elizabeth, Mr. Miller is survived by a daughter, Betty, also of Tinley Park, and three brothers, Jack Miller, of Harvey, Steve Cheke, of Chicago, and Andrew Cheke, of California.

Mason Quotes Figures on Schools; Sees No Necessity of Federal Aid

BY CONGRESSMAN N. M. MASON

We hear a great deal these days about our over-crowded schoolrooms and the need for federal aid for school construction in order to relieve the crowded conditions. What are the actual facts?

The U.S. Office of Education is the source of the following data:

In 1936 all the high schools and grade schools of the United States were manned by 870,963 teachers, and they had a total combined enrollment of 26,417,986 pupils. That made an average load of 31 pupils per teacher.

In 1956 the high schools and grade schools in the nation were manned by 1,186,980 teachers, and they had a total combined enrollment of 31,527,695 pupils. That makes an average teaching load of 26 pupils per teacher. Thus we have fewer pupils per teacher today in our grade and high schools than we had twenty years ago. Where then are the over-crowded schoolrooms?

In many communities, because of the impact of government-required war industries and the consequent influx of pupils into the schools of those communities, we do have some over-crowded schoolrooms. However, congress took care of these impacted school districts by passing H. R. 874 and H. R. 815 to provide federal aid for these impacted school districts. These special aid provisions take care of both construction costs and operating costs of such schools.

The following testimony by the American Legion before the house committee on education and labor Federal aid for school construction is both interesting and instructive:

"Local school districts are in general meeting not only classroom needs but the overall needs of the public elementary and secondary schools.

"In 1900 Americans spent \$14 per pupil; in 1950 the figure was 224 per pupil; in 1956 local school districts spent \$380 per pupil to provide public education for their children.

"While the number of pupils in the public schools increased about 3.7 per cent in the past year, the number of school teachers increased 6.9 per cent.

"Does this sound as if the local school districts are neglecting their responsibilities? Would this indicate a need for federal aid, control, or encroachment?"

Deficit Spending or Higher Taxes

The President in a recent press conference stated he preferred deficit spending to high-

er taxes, if a choice had to be made. His choice was a choice between the "Devil of Depression" and the "Deep Blue Sea of Runaway Inflation".

Our excessively high tax rates of today are forcing the economy into a "recession" that threatens to develop into a "depression". Our American economy has been placed in a tax straight-jacket that is threatens to strangle it. Higher tax rates would simply intensify the strangling process and, of course, is out of the question.

Deficit spending, on the other hand, would bring about runaway inflation. It would lower further the purchasing power of today's 50c dollars. Economic havoc would be the result.

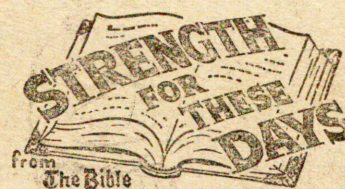

Why choose either catastrophe? Why not stop the squandering, live within our income—the highest income Uncle Sam ever enjoyed—and avoid both inflation and depression?

Then And Now

In 1913 when the personal income tax was adopted it amounted to an average of only \$29 per capita, and our total federal tax load amounted to an average of only \$7.06 per capita. Today the personal income tax amounts to \$240 per capita, and the total Federal tax load amounts to 435 per capita.

In 1913 our total national debt was \$1.2 billion. Today our national debt is \$274 billion.

James A. Garfield, who died at 49, lived the shortest life of any U. S. President.

Remember the words of the Lord Jesus, how He said, It is more blessed to give than to receive.—(The Acts 20, 35.)

Often, when spontaneously bestowing a friendly smile upon a lonely person, or a word or deed of help and encouragement to one in distress, we have been wondrously rewarded by such an inner satisfaction as a fortune in dollars could not equal. Indeed we are blessed when we give, unselfishly, and in love.

Will County 4-H Club Rally to Highlight Week

National 4H Week's big event in Will county will be the rally at Manhattan, March 5. All 4-H'ers are looking forward to this annual get together. It is a chance to meet old friends and bring new members into the 4H clubs.

Any and all young folks of Will county between the ages of 10 and 20 are invited to attend and join in the fun and learn about 4H.

This year the rally will be split into two groups. Those youngsters not yet in high school will meet at the Manhattan Grade school, Manhattan. Those in and beyond high school will meet at the Manhattan Grade school, Manhattan.

Recreation and information on 4H will feature the program.

So come to the rally March 5 and join your 4H friends all over the county.

The 4H Rally committee in charge are: Leon Riegel, Monee; Linda Matasovic, Mokena; Georgia Lee Phillips, Wilmington; Barbara Scheer, Monee; Janet Voigt, Monee; Beverly Riegel, Peotone; Don Wandless, Elwood; Agnes Ann Novy, Wilmington; Carol Middleton, Crete; and Carol Schaal, Wilmington.

Specialist In Landscaping to Speak at Tinley

Home grounds plantings should accent the beauty of the house and tie it to the landscape setting.

Careful planning and selection of plants are necessary to achieve this goal.

specialist, University of Illinois college of agriculture will be the speaker. Mr. Kemmerer has a wealth of personal experience in the field and is an instructor at the university. From previous visits in this area, he is familiar with many of the problems facing home owners. All homeowners are encouraged to attend.

The landscaping meeting is the fourth in a series of five educational meetings planned by the Cook County Agricultural Extension Council. The agricultural extension service of the University of Illinois furnishes special assistance to this group.

4-H'ers to Pay Special Tribute to Their Parents

More than 63,000 Illinois 4-H boys and girls will pay special tribute to their parents during National 4H club week, March 1-8.

These young people, between 10 and 21 years old, have selected as their theme, "4H Salute to Parents." During this week they will honor parents and recognize the important part they play in the lives of children and youth.

The over all purpose of National 4H Club Week is to inform the public about the meaning and value of the 4H program. Boys and girls will also be invited to join 4H, and new members will be assisted in starting 4H projects.

The 4 Hers will also honor the volunteer 4H leaders who help to guide 4H work in local clubs throughout the United States, Alaska, Hawaii and Puerto Rico.

4H Club week will be highlighted nationally in Washington, D. C., when six outstanding members present the annual 4-H club "Report to the Nation." The 4 Hers will review the report with President Eisenhower. They will also visit with Secretary of Agriculture Ezra Taft Benson and C. M. Ferguson, administrator of the Federal Extension Service.

Little Big Inch Carries Oil Now Instead of Gas

It is now possible to ship clean petroleum products including gasoline from the oil refineries on the Texas Gulf Coast to Chicago and certain other midwestern cities for a little more than a cent a gallon.

This was disclosed when the Little Big Inch Division of Texas Eastern Transmission Corporation mailed copies of its new tariffs to prospective users of the Little Big Inch pipeline.

"Last possibility for any further legal problems to delay the project were dispelled when the decision of Federal Power Commission Examiner William Costello permitting conversion of the line to common carrier service for petroleum products became final," according to Millard K. Neptune, executive vice president of the company. No objections to the decision had been filed by any of the parties who had previously objected to conversion of

Plan Various 4-H Activities For Coming Year

National 4H Club week, March 1-8, is the time to make plans for a big club year in 1958 says Cook County's Assistant Farm Adviser, William F. White side.

Seventy five county 4H clubs made a good record in their 4H activities last year, Whiteside said. But we are going to try even harder to do better this year.

One of our goals in 1958 is to enroll 100 new 4-H Club members. The state goal of 65,000 members will be reached if each club in Illinois enrolls one new member over the number it had last year.

Outstanding club members last year included Elaine Elbers, Warren Schultz, Carol Siemsen, Betty J. Stellwagen, Robert Stellwagen, Tinley Park; James Bussema, Bill Lorenz, Chicago Heights; Julia Dyrcz, Joe Mulderink, Blue Island.

Here are some of the activities in which Cook County clubs are planning for this year: Camping at Shaw waw nas see July 28 to Aug. 1, Keeping Fit Field Day (The Health "H"), Share the fun Activity, 4H Rally March 17, and a Window Display Contest.

Both home economists and agricultural clubs will hold county contests and demonstrations during the year. Winners of these contests last year included Ann Shimek, Anne Beth Roy and Ruth DeBoer, winners of Camp Trips.

the 1,179 mile long segment of Texas Eastern's Little Big Inch pipeline from natural gas service to a common carrier of petroleum products.

The tariffs (which are quoted in barrels) show that a shipment will move from Beaumont to Chicago for 48 cents for each 42 gallon barrel. Shippers moving products from Beaumont to Indianapolis and to Lebanon, near Cincinnati, will pay 45 cents and 44 cents per barrel respectively.

"The line is going into operation immediately," Mr. Neptune said. "All necessary facilities have been completed and the line has been thoroly cleaned and tested. In addition, construction has been completed on a new 14-inch diameter lateral line linking the Little Big Inch at Seymour, Indiana, with Chicago.

The new products transportation facility will serve the petroleum and petro-chemical in-

dustries, natural gas public utilities, commercial bottled gas companies, truck, tractor and industrial plants.

Texas Eastern's common carrier products pipeline system can handle the entire range of clean petroleum products such as fuel oil; diesel, jet and tractor fuels; aviation and automotive gasolines; and various grades of burner oils, according to Mr. Neptune. In addition, the line will be equipped to handle the liquefied petroleum gases (butane and propane.)

Over \$5-Million for Winners In National Merit Scholarship Tests

Of interest to every college-bound high school student in America is the qualification test of the National Merit Scholarship Corporation administers the nation's largest independently supported college scholarship program for high school students. In the 1957-58 academic year it provided for high school students. In the 1957-58 academic year it provided more than \$5,000,000 worth of four-year scholarships. The amount of the scholarship is determined by financial need, and they are renewable annually without further competitive examination. Dr. Stalnaker stated that this national program, which embraces all U. S. territories and possessions, sends thousands of deserving students to college—students whose unusual talents might otherwise be wasted due to their inability to finance the increasing cost of higher education.

1958-59 Testing Program

The 1958-1959 testing program is designed to provide more service to participating students and schools. While it will still serve primarily as a preliminary screening instrument to select thousands of scholarship winners, the program has several new and important guidance and educational-planning features. These additional benefits will be best realized by testing at the end of the junior year rather than at the start of the senior year. These new values are such that many students will want to take the test for purposes of educational or vocational planning, even though they do not expect to win a scholarship, Dr. Stalnaker stated.

Test Have Guidance Value

All students will receive a report of their scores. These test results will enable students to understand their present academic strengths and weaknesses, will give them facts with which to plan their senior year, will help them decide about going to college, and will enable them to select college courses of study in which they are most likely to succeed.

Eligibility Requirements

All high school students in their second-semester junior year or first-semester senior year are eligible to take the test. Students can be enrolled in any public, private, or parochial school in the forty-eight states, the District of Columbia, Alaska, the Canal Zone, Hawaii, Puerto Rico, or the Virgin Islands. The charge for taking the test is \$1 per student, payable on the examination day—Tuesday, April 29, 1958. (In event of financial hardships, a limited number of students will be tested free. Students should consult their principals on this matter.) Test will take place from 9:00 to 12:00 in all participating high schools.

The Testing Agency

Science Research Associates of Chicago, an educational testing, consulting, and textbook publisher, has been retained to construct, administer, and score the scholarship qualifying examination. This company also conducts many other large-scale testing programs, including the Illinois State Scholarship Program, the Selective Service testing program, and the Naval Reserve Officers testing program.

\$7,500 Bid, \$18,000 Reportedly Asked for Palos School Site

(CNS)—School District 117 in Palos township is continuing out-of-court negotiations for the purchase of a five acre tract near 103rd street and 88th ave. Meanwhile, Peter G. Schultz, school district attorney, has been granted a continuance to March 13 on hearings of the district's condemnation suit to acquire the land.

The date was set by Superior Judge Donald S. McKinley, assigned to the case.

Schultz has informed the court the owners have refused the latest offer of \$1,500 an acre of \$7,500.

The owner, Rose Lucas, who lives at 110th and Kean, Palos Park, reportedly wants \$18,000.

The school district may amend its suit to increase from 5 to 10 acres the size of land it seeks. It recently settled a condemnation suit for another five acre tract out of court.

The parcel, at the northeast corner of 88th avenue and 91st st., cost the district \$14,000.

The land owned by Rose Lucas is part of a parcel to give the district its third school site.

Don't Mix Your Cleansers, Advises Plumbing Official

Homemakers in the Chicago area were advised there is danger in mixing some of the every day household cleansing compounds such as bleaching solutions, rust removers and toilet bowl cleansers in an attempt to increase their effectiveness. Instead of creating a stronger cleansing solution the homemaker, by mixing such solutions, may release poisonous fumes which could cause serious injury.

This advice came from George F. Connelly, president of the Plumbing Contractors Association of Chicago.

"It's human nature to think that a combination of cleansing substances will make the household chores easier, but in many cases it just isn't so. In fact, putting these substances together, accidentally or on purpose, may, in addition to causing serious illness, be really harmful to floors, furniture and fixtures," Mr. Connelly stated.

"That's why our association urges every homemaker in the area to use cleaning products exactly as recommended on the label. We're fortunate to have a great variety of products to choose from, we should use them as the manufacturer intended."

session of which cost a man his life during the reign of Queen Mary of England, is on exhibit now at the Illinois State Library. Secretary of State Charles F. Carpentier, state librarian, announced today.

In the manner of spelling at

that time, its title is, "How Superior Powers Ought To Be Obeyed" (How Superior Powers Ought To Be Obeyed), and it was imprinted on Jan. 1, 1558, at Geneva, Switzerland. Its author was Christopher Goodman, an exile from the reign of Queen Mary.

The book, one of only nine still in existence, is a part of an extensive collection of works on the subject of freedom of speech, press, religion, conscience and thought owned by Ewing C. Baskette, assistant cataloger on the staff of the Illinois State Library. His collection is believed to be the largest in the nation.

The 3½ by 5½ inch, 234 page book, represents, in the words of Charles McIlwain, retired professor of political science at Harvard university, "the first definite shift in opinion under the pressure of religion away from the doctrine of almost unlimited obedience which characterize political thought of the first half of the sixteenth century."

"Queen Mary decreed the death of a rebel found in possession of the book," Professor McIlwain continued. "In this lies the extreme rarity of the book."

As late as 1682, copies of it were burned at Oxford university.

Other existing copies are held by Bodleian library at Oxford; Edinburgh University library; Geneva, Switzerland; Public library; Chapin library at Williams college, Williamstown, Mass.; Union Theological library in New York, Harvard University library; Yale University library, and Folger library, Washington, D. Melting Snows Cause Flooding

Melting snows are causing water damage to area homes, and creeks in several sections are overflowing. Water stands in many yards because the frozen ground cannot absorb it. Spring and thaws brings home the need for improvement in drainage thruout the area.

The Ronald Gifford home at 17100 Odell ave., Orland township, was flooded with several inches of water Sunday as the warmest day of the year melted snows too fast to be drained off in the culvert.

Altho the yard of the Gifford home has standing water after each heavy rain, this is the first time water has entered the home. Carpeting in the home was ruined.

As 171st is a county road, Carl Bormet, highway commissioner for Orland township, claims drainage of the road is the county's responsibility.

County officials inspected the area around the Gifford home Tuesday.

On sections of 171st st. ditches on each side of the road handle water over flow. If the section of road parallel to the Gifford home also had a ditch, Mrs. Gifford believes it would relieve the flooding problem on their

property.

Other homes in the area surrounded by a lake of water were the James Flood home, 17200 Oriole ave. and the Floyd Cammire home at 17150 Oriole.

Cars Damaged In Three Accidents

Personal injuries were slight, but cars were damaged in three recent traffic accidents in Tinley Park.

On Saturday morning, Feb. 15, Mrs. Harriet LaForce, of 17660 Ridgeland ave., struck a moving

vehicle being driven by Vernon Beechy, of 5119 W. 159th st. as she backed out of the driveway. Both cars were damaged.

On Saturday night Feb. 22, a car driven by Stanley Matulis, of 175th and 74th ave., rolled over into a culvert when he lost control of the vehicle as it hit an icy patch on the road. The

accident occurred at 167th st. and Ridgeland ave. Matulis was not injured in the mishap.

On Sunday, a car driven by Mrs. Pat Ernst, 6520 166th was hit on the side by another auto being driven east on 175th st.

The Ernst auto was turned completely around by the force of the impact. The accident happened at 175th and Ridgeland ave. The Ernst auto was heading south of Ridgeland. The other vehicle was going east on 175th st.

Fortunately no one was injured seriously. Property damage to both cars amounts to several hundred dollars.

Most Animals Have Bent As Navigators

By ROBERTS MANN

We share with our dogs, cats and other domestic animals an attachment to a place we both regard as home. If one of these animals strays, or is sold to a new owner, or is carried away and abandoned, it acts lost and homesick as it struggles to grope its way back. This is easy to see in pets and among livestock on farms. Surprisingly, many such displaced animals do find their way home, often thru miles of strange country.

Less commonly known is the remarkable ability of a wide variety of wild creatures to navigate unknown territory with pinpoint accuracy—birds, bats, mice, turtles, fish, insects, and many others.

How do they do it? Many of us carelessly say that they have "an instinct to go home", but these are empty words and explain nothing. Experiments and careful observations have thrown some light on the guides used by a few kinds in their homing behavior and on their seasonal migrations. Different ones steer by landmarks, the sun, wind direction, shore lines, valleys, echoes, scent trails, water qualities, a sense of time and distance, or by combinations of these navigating aids.

Seasonal migration of wild animals has been going on for ages. Mysterious as it seems, there is some indication that many of them have developed inherited responses to outside conditions which help guide them in their travels. Still more puzzling is how an animal can find its way home after having been carried away and released in a strange place.

No Built-in Compass

Homing pigeons have been trained since ancient times to carry messages. The training starts by taking a young bird a short distance away from its loft and allowing it to fly back, then farther and farther in the same direction as it gradually learns a certain strip of country. Many of them rely entirely on visible landmarks and get lost in bad weather or fog. They differ so widely in their homing ability that only a few, toward the end of their training, can make jumps of 100 or 150 miles over unfamiliar territory.

The cowbird, because it lays its eggs in other birds' nests, may not seem to be a homebody. However, years ago, a backyard bird bander at Waukegan often carried cowbirds to Chicago, released them in the evening, and then found them back in his cage traps the next morning—thirty miles away. Even one shipped to eastern Pennsylvania flew into Waukegan two weeks later.

The smallmouth black bass, one of Illinois' most prized game fish, also has a distinct homing behavior. By catching, marking and releasing dozens of adult bass in a creek broken into many alternate pools and riffles, the Illinois Natural History Survey has shown that each fish tends to remain in its own favorite pool year after year. Furthermore, when dozens of other tagged bass were hauled in tanks and released in distant parts of the same creek, some upstream and some downstream, over half of them soon found their way back to their own home pools. At least one smallmouth swam home from miles away in another creek in the same river system.

No animal carries a built-in compass or electronic device.

Give Awards to Cub Pack 272 at Annual Dinner

Cub Scout pack 272, Tinley Park, had its annual Blue and Gold banquet, Feb. 15, in St. George school with Mrs. Walter Barton in charge of the arrangements. She was assisted by the den mothers, mothers of the Cubs and the Cubmaster.

Approximately 225 Cubs, their parents, brothers and sisters attended the affair. Supper consisted of barbecue hamburger with all the trimmings. Father Thomas O'Connell gave the invocation and Cubmaster Charles E. Moore was master of ceremonies.

Movies that were taken at the January pack meeting were shown by William Averill.

A skit written by Mrs. John Naughton entitled "Christy's Minstrel" was one of the high lights of the program. The following persons took part in the minstrel: Mr. and Mrs. Lawrence Weidner, Mrs. Ralph Hayes, Mrs. Otto Behling, Mrs. Frank Kappel and Mr. and Mrs. John Naughton. The music solo in the skit was played by Miss Karen Sanders.

Awards were presented by the Cubmaster, C. E. Moore to the following Cubs: The Webelos badge, the highest award to be obtained in Cub Scouting was given to Peter Ellement III Lion badge, Leo Poundstone; Bear badge, John Collen and Jack Blitvich, Wolf badge to Dean Kappel.

Gold arrows, Leo Poundstone, Richard Barton, Jack Blitvich, Richard Johnson and James Averill. Silver arrows: Leo Poundstone, James Averill, James Ebell and George Jasker.

Leo Poundstone and Thomas Griebel were given the Boy Scout Handbook and now go into the Webelos den.

Boys receiving 3rd year pins were Charles E. Moore III, Allan Ebell, Richard Barton, Peter Ellement III, John Sehnert and John Shaulis.

Cubs receiving the 2nd year pins: Thomas Gross, Leo Poundstone, Thomas Sanders, Harry Lunde, Keith Miller and Bruce Schiefeleblen.

First year pins: Robert Hayes, David DeCoste, Terry Reed, Roger Barton, James Dotts and David Hall.

Den Mothers, Mrs. Harriette Naughton and Mrs. Ann Dotts also received their 3rd year pins. Cubmaster Charles Moore awarded second year pin.

Guest included Joe Claffey, assistant Pokagon Trails Council Scout executive, Father T. O'Connell, Father G. Campbell, Jack Redman, neighborhood scout commissioner and wife, Ray Sullivan, commander of the Veterans of Foreign Wars Post 2791 which sponsors this Cub Scout Pack.

U. S. Pays \$13,100 For Worth Home in Way of Sag Canal

(CNS)—U. S. District Judge Michael L. Igee Monday entered an agreed condemnation judgment in favor of Richard E. and Elaine E. Ruple, 7435 West 113th place, Worth for \$13,100. Permitting the government to take their 0.271 acre of improved land for the Sag Canal widening.

The order provides that if they move the house before May 1, 1958, they may have it, but if not it reverts to the government on that date.

The Drexel Savings and Loan Association, 1937 East 71st st., was named a co-defendant as having an interest in the property.

The tract, consisting of Lot 185 and the west half of Lot 186, is the largest of five in Arthur Dunas' Harlem Avenue Addition covered in the same

Farm Advisers Warn Against Too Wet Corn

Corn that is below 20 per cent moisture can be considered fairly safe for continued storage. Farm advisers of Cook and Will counties says it will dry out and can be kept until you really want to sell it.

Corn that is above 20 per cent moisture will keep during cold weather. But if you have this kind of corn, you should sell or dry it artificially before warm weather.

L. F. Stice, University of Illinois agricultural economist, recommends the artificial drying of corn that is carrying much above 20 per cent moisture. Corn with 20 to 22 per cent moisture might dry out under favorable conditions, but you can't be sure of it. Moisture discounts on wetter corn will cost you more than the drying.

At the present time, a discount of 1½ cents is being taken for each ½ per cent of moisture over 15.5 per cent. When No. 2 corn is \$1.00 a bushel, each 1½ discount means a net loss to the seller of about .9 cent a bushel. This net loss, or "penalty", can be up to 1.8 cents a bushel for removing each per cent of moisture above that level, the experts say.

Figure Difference

It usually does not pay to artificially dry corn that is below 20 per cent moisture if it is to be stored as ear corn.

Farmers with wet ear corn that would be eligible for the \$1.40 loan rate should consider buying bins so that they can dry and store shelled corn. The difference between the loan rate and the current market price is about 35 cents a bushel. In addition, the saving on moisture discounts will be 8 cents a bushel or more on corn that is above 20 per cent moisture.

The difference in returns from selling wet corn and putting it under the \$1.40 loan will nearly pay for the cost of the bin. It is also quite likely that the government will again pay the farmers for resealing loan corn on farms. Storage space for loan corn is likely to be scarce in 1958. This payment for resealing 1956 corn was 16 cents

suit, which has six parcels with a total area of 1.139 acres. The six is .318 acre adjoining the Wabash Railroad right-of-way for 274 feet next to the Public Service Company of Illinois property.

THE RAILROAD PICTURE

A long parade of authoritative witnesses appeared before the Senate's Surface Transportation Subcommittee to discuss what is termed "the deteriorating railroad situation." The decline in railroad traffic and earnings has reached emergency proportions.

The witnesses made many proposals designed to help get the railroads back on their financial feet, and to enable them to keep on giving this country the kind and quality of service it urgently needs. And the biggest trouble of all, it was pointed out time and time again, is the railroads are given "unequal treatment in the competitive race for traffic."

There are three major examples of this. First, the railroads' chief competitors—commercial truckers, airlines and users of inland waterways—are all publicly subsidized, directly or indirectly. The railroads alone must pay all the costs of their operations.

Second, there are severe restrictions on the railroads' right to diversify. In other words, they are prevented from going into other fields of transportation, even though they could do this profitably and provide a needed and desired public service.

Third, there are strict artificial limitations on the railroads' freedom to exploit their inherent advantages. For instance, railroads can't reduce rates to meet competition and attract business if, in the view of the regulatory authorities, this would have a deleterious effect on other carriers. That's very much like holding that a store can't cut a price because the result would be to take trade away from another store.

These and other prohibitions, it should be noted, stem from the day when the railroads had a monopoly of big-scale commercial transportation—a day that has gone forever. All the industry asks—and all that the public interest demands—is that laws and policies reflect the conditions to today, not yesterday.

SAME SAUCE FOR ALL

Several legislative proposals concerned with the future of the Tennessee Valley Authority are now in the discussion stage. One would permit TVA to finance future expansion by issuing revenue bonds without Congressional approval. Then TVA would become an almost completely autonomous agency, and a precedent would be set whereby state socialism wearing corporate clothing could be extended on a limitless scale.

Another proposal, however, is in an opposite category. It is designed to strengthen, not weaken, Congressional control

4-H'ERS ACHIEVEMENTS — An ingenious young man, Tim Mergenthaler, of Glenwood-Lansing rd., route 83, sells home produce he has grown at a roadside stand. Tiny Tim's Salad Bowl draws interested buyers of fresh

History of Town Presented At New Lenox PTA

A large crowd attended the annual Founders Day program at the PTA meeting recently at the Haven school auditorium.

A report on the polio drive in Haven and Oakview schools disclosed that \$137.15 was contributed. The Mother's March which consisted of many PTA members collected \$669.70. The total polio drive amount will be published later by Mrs. George Novak, chairman of the polio drive for New Lenox.

In keeping with Founders month, Mrs. Helen Bell, program chairman, introduced the guest speaker, Miss Harriet Francis of Urbana, a former resident of New Lenox, who gave an interesting and complete history of New Lenox.

Among the things she told, was the fact that New Lenox was first in the United States to have a rural telephone exchange in 1899. The first Rock Island train from Joliet to Chicago, via New Lenox was pulled by a wood-burning locomotive in about 1852.

She told about the underground railroad that was used for the escaping of slaves. Many old homes and historical markers can still be seen in the New Lenox area. Mrs. Muriel Korista had an excellent display of articles used in early New Lenox.

Several PTA women organized a kitchen band, and wore costumes of early residents of New Lenox, some of them dating back to 1825, imported from Paris. The kitchen band was directed by Merle Carlson. They were accompanied at the piano by Mrs. Sam Carr.

Also in, keeping with the theme of Founders Month, Mrs. Roy Minger read the names of all past presidents of the local PTA, dating back to 1923. They were: Mrs. Ida Pfaff Wise, 1923-24; Mrs. Percy Robinson, 1924-26; Mrs. William Sayers, 1926-28; Mrs. Frank Roblin, 1928-30; Mrs. David Lockwood, 1930-32; Mrs. Frank Roblin again in 1932-34; Mrs. E. J. Cooper, 1934-36; Mrs. O. V. Rowe, 1937-39; Mrs. Fred Sperling, 1939-41; Mrs. Anthony Vackar, 1941-43; Mrs. Herbert Senning, 1943-44; Mrs. E. J. Stevens, 1944-45; Mrs. Clarence Luther, 1945-46; Mrs. Robert Gillette, 1946-47; Mrs. Bernarr Sheeler, 1947-49; Mrs. Sam Carr, 1949-50; Mrs. Earl Ullrich, 1950-51; Mrs. Bernarr Sheeler again in 1951-52; William Heidrich, 1952-54; William Clark, 1954-56; Llew Eg-

county extension office. Age limits for 4H club members are 10 to 21 years.

After you have filled out the enrollment card, turn it in to the local club leader or to the county farm or home adviser. Then start attending regular meetings of the club nearest your home.

One of the first things you will do as a club member is to select the project or projects that you want to carry on this year. Show the list of projects to your parents, and select one that best fits your situation. You will keep records on your project, carry it thru to completion, and so "learn by doing."

A new club can be started in any community. Ten interested boys and girls and an adult local leader are the requirements. The county extension office will have a representative meet with the group.

Some of the projects you can select in home economics include sewing, baking, food preservation by canning and freezing, room improvement, flower arrangement.

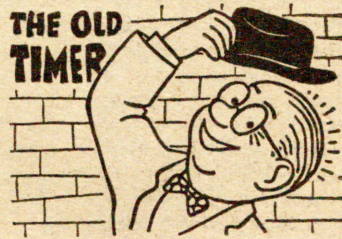

Approved projects on the agricultural side of 4H Club work include livestock, crops, garden, home grounds beautification, electricity, entomology, bird study dog care, automotive maintenance.

Two of the most important things to do after you become a 4H club member, Whiteside says are to attend every meeting of your local club and to start your projects at the time set in the rules and carry them thru to completion. These are what will make you a good club member.

It's Easy to Join 4-H Club Says Adviser

If you want to join a 4H club, all you have to do is fill out an enrollment card, says Assistant Farm Adviser, William F. Whiteside.

Candidate For Congress Gives Views, Policies

Leland H. Rayson, of Tinley Park, who is a candidate for United States Congressman of the 4th Congressional district issued a summary of statement of his platform and policies at a press and committee conference held Feb. 22.

The following issues were commented on as quoted by the candidate:

Economic Outlook: A tax policy to encourage purchasing power and to stimulate markets, a credit policy to bolster housing, public works and loans to small business, and a money policy to free credit at lower interest costs.

National Security: to make our nation strong as the leader of the free world.

Cal-Sag: to make this area into the greatest world port and stimulate world trade. Hasten the five navigational projects—St. Lawrence Seaway, Cal Sag channel, Great Lakes interconnecting channels, the Calumet River from Lake Michigan into Lake Calumet and construction of duplicate locks on Illinois waterways.

Labor: to stimulate full employment and full production, to work for the right of labor and management to deal with each other on an equitable basis, to bolster social welfare legislation and to correct the Taft Hartley Act.

Foreign Policy: to wage an energetic program for world peace. To maintain initiative over Russia. To work with other nations of the free world for mutual security. To negotiate at all times on all levels with other countries as a basis for finding common ground for peace.

World Trade, Tariff and Immigration: to stimulate trade among the free nations and to provide world markets to bolster the economy of our country and our Cal-Sag community. To improve our immigration laws.

Education: to foster scholarship programs for science, re-examine our basic ideas on education and favor an equitable program to relieve state school classroom shortages and teacher shortages.

Post Office: establish postal pay raises to keep and encourage qualified personnel. Increase postal rates of the users who flood the mails for self-serving purposes.

Agriculture: encourage more consumption of farm products at lower costs with equitable support programs.

Civil Rights: to support legislation securing the rights of all and insuring immediate redress for all civil rights violations.

Commander of NIKE Promoted To Full Colonel

Col. Phillip Randall Smith, Commander of the 22d AAA group, maintaining headquarters at the Orland Park NIKE site, was recently promoted to full colonel.

His new rank was made by Major General Eugene F. Cardwell, Commanding officer, 5th Region United States air defense command, Ft. Sheridan, and Brigadier General Peter Schmick, Commanding officer 45th AAA Brigade, Arlington Heights.

Col. Smith assumed command of the 22d AAA group in January 1957, when the unit was located in Oaklawn.

His service medals and decorations include the bronze star medal Croix De Guerre, European Theater of Operation medal with five bronze stars. He has also received the Korean service medal with three bronze stars, American Defense service medal, American campaign medal, World War II victory medal, occupational medal (Germany) United Nations service medal and the National Defense service medal.

Col. Smith has formed a preparatory instruction class composed of men from all units of the 22d AAA group, in conjunction with Roger H. Heylin, education director for the 5th United States army.

In connection with the program two local teachers have been hired. They are Mrs. Zay Smith, Palos Park, and Mrs. Herman Wilz, Orland Park. They will qualify volunteer enlisted personnel desirous of career service for re-enlistment, whose current army classification aptitude scores will not authorize such re-enlistment.

The first of its kind in the Chicago-Gary defense area, the course of instruction will include English, elementary American History, elementary geography, and arithmetic. The course will be approximately eight weeks long.

Successful completion will prepare personnel attending for retest in army classification aptitude scores.

bring greetings and congratulations on behalf of the friends of the church which they represent.

A dramatic ceremony has been planned for the presentation of the building for consecration. A representative of Hansen and Peterson co., general contractors, will present the keys to Arthur Bauch, building committee chairman. Bauch will present the keys to Arthur C. Mark, Sr., trustee president. He in turn will pass the keys to Dr. R. Merrill Powers who will lead the congregation in the act of consecration as a representative of the Methodist church.

Special Music

Special music will be an important part of the service with a procession by the choirs and speakers, two choir anthems and a baritone solo by Arthur Lambrecht.

An open house for inspection of the building and a time of fellowship over refreshments will follow the afternoon service.

A committee headed by Mrs. Glen Ferrell has planned the activities and services for consecration day.

The services are open to the public and overflow crowds are expected at both services.

The \$205,000 brick, stone and wood building of contemporary design was created by Charles E. Stade and associates, Park Ridge. It has an overflow seating capacity of nearly 400 persons, eight class rooms, church offices, pastor's study and a kitchen.

An unusual feature of the construction is the provision for a grade entrance without steps at both the upper and lower levels.

A parking lot to accommodate 50 autos has also been provided for the convenience of worshippers.

Seize 2 Tinley Youths, Girl In Tennessee

Two Tinley Park youths, Keithal Parmer and Sanford (Sandy) DeBlake, now on probation for a series of burglaries committed last summer, face prosecution on new charges as well as possible commitment for violating their probation.

The two, with a 15 year old Midlothian girl they are alleged to have taken with them, were reported picked up at Camden, Tenn., on Tuesday. Midlothian police left immediately for Tennessee to bring the trio back to Illinois.

Parents of the girl are said to be prepared to press serious charges against the two young men and Chief of Police Harold C. Moore of Tinley Park said he plans to question the pair on a series of recent burglaries in the area, including one last Sunday night at the Parkside Food Shop which is operated by DeBlake's parents.

Moore has obtained warrants charging burglary which he expects to serve on Parmer and DeBlake.

The break-in at the food store occurred sometime after midnight, according to Moore, and \$17 in cash and some beer was taken. Moore found out that DeBlake had not been home Sunday night nor could he find any trace of Parmer around Tinley Park.

Then a report came from Midlothian that a 15-year old girl was missing and was believed to have gone off with two men whose description tallied with those of DeBlake and Parmer.

Moore figured that they would head for Tennessee where Parmer has relatives and sent a message to state police there with a description of the two men and the car they were believed traveling in. On Tuesday Moore and Midlothian police received word that the men and girl were being held.

Midlothian police chief, John Ward left for Tennessee with a detail to return the trio.

Park Building Ignites After Rocket Experiment

Seeking to set off a home-made rocket, some budding scientists in Tinley Park between the ages of 12 and 14, were restrained in their endeavor by the intervention of the local police, who responded to a complaint that boys were playing with matches in Memorial park.

Shortly after the scientific experiment, a fram building on the park grounds was set afire. It was put out by the Tinley fire department, and the damage to the building was slight.

The rocket, said police chief Harold C. Moore, was constructed of matches and sulphur.

The boys reported the rocket had been successfully raised from the ground in one attempt.

If there is any connection between the rocket launching and the fire, it is a military secret.

If all the telephone books printed in the U.S. each year were piled atop each other, the peak would tower 1,000 miles.

State Hospital Therapy Personnel Attend Institute

Representatives from mental hospitals thruout Illinois are meeting this week at the Tinley Park State hospital for the 9th annual Activity Therapist Supervisor's Institute, being held from Feb. 25 to 28.

Miss Bertha E. Schlotter, chief activity therapist of the department of public welfare is presiding at the sessions.

Supervisors are analyzing the activity therapy programs presently being conducted in state hospitals in group discussions.

Principal speaker at a banquet attended by 70 Public Welfare department personnel last night at Jardine's restaurant, was Willard L. Couch, deputy director of mental health. Alfred Slicer, assistant deputy director also addressed the group.

Court Halts Church Services In Subdivision

(CNS)—Superior Judge Norman C. Barry has entered a temporary injunction restraining the Chicago Disciples Union from conducting church services in a ranch-type home at 4511 West 182nd street, near Tinley Park.

The court was shown that covenants, running with all lots in the Country Club Hills subdivision, prohibit use of homes there for any purpose but single family residences.

The 5-room residence on 182nd street was sold by a couple to the Chicago Disciples Union about the middle of February, reportedly for \$18,000.

Surrounding home owners had the developer of the subdivision, The Szymie Corporation, a subsidiary of J. E. Merriam Co., 2301 East 95th street, Chicago, file the suit.

Attorney George E. Brogan, representing the company, said Joliet, where he was taken Friday after becoming ill while changing a tire on a car.

The doctor has diagnosed his condition as a strain on a heart muscle and has prescribed two weeks' rest in the hospital.

The saddest thing about a woman with a mind of her own for the first time Sunday, Feb. 16, because there was no alternative.

The church had held services in a local school house for children and adults. But the school district officials changed their policy to allow no one use of the school because there were too many requests from various groups, Brogan said.

VanBoskirk said services for adults are being held in the Country Club Hills fire protection district firehouse. The church was not represented by an attorney in court and was given 30 days to file an answer. The suit seeks a permanent injunction.

Judge Barry said if something is illegal it isn't made right even if there is a "good motive" involved.

(Two homes in the subdivision, contributed by the developer, are being used for school purposes).

Strains Heart Changing Tire

Ray Miller, operator of the Tinley Park Cab service, is a patient in Silver Cross hospital, Joliet, where he was taken Friday after becoming ill while changing a tire on a car.

The doctor has diagnosed his condition as a strain on a heart muscle and has prescribed two weeks' rest in the hospital.

Bremen Wins Conference Cage Title

Beats Reavis 58-46 But Loses to Rockets In Season's Final

The Bremen Braves are the new Southwest Suburban conference basketball champions, supplanting Rich which has held the title since the conference was formed four years ago.

The Braves backed into championship. Until Saturday night Bremen had gone thru the season with 10 wins and one defeat. Breathing down the Braves neck was Sandburg with nine wins and two defeats.

A defeat for Bremen by Rich on Saturday night and a win by the Eagles over Oak Lawn would throw the race into a tie, with the honors divided between Sandburg and Bremen.

The Braves took Reavis 58-46 Friday night but lost to Rich in the final game of the conference season at Bremen Saturday night 65 to 58, and bleak despair reigned in the Braves locker room until word came that Oak Lawn had tapped Sandburg, 53-48. Then the Bremen squad came to life and tossed the frosh-soph coach Dick Zuegge, under a going shower. The varsity coach, William Brown, was not available at the moment, and anyway Zuegge's frosh-soph team also won the conference crown. Fans and students danced thru the gym and school corridors.

Victory was sweet to the Braves. Last year they finished third and the year previous wound up in second place.

The Bremen gym was jammed for the final game. By the time the game started there wasn't even standing room left for a midget. The school parking lot did not have space for all the cars and many fans left their autos parked along the shoulders of roads and highways.

Rich has not been winning many games this season but the Rockets have been scoring well and while they were getting beat they were not beat too

bad.

Bremen knocked them off in a previous meeting and the way the game started Saturday night it looked like the Braves would repeat their earlier effort. When the first quarter ended Bremen was leading 21 to 12 but by half time the Rockets had cut the champs lead to four points, 30 to 26.

Then in the second half Rich went to town, sinking 60 per cent of its shots. Bremen was without the services of Jerry O'Neil, one of the teams sharpshooters, the last quarter, O'Neil having fouled out.

Phil Wagner, a sophomore, who does an excellent job for Rich at center, paced his team with 25 points while Larry Gorman, a teammate, counted 17. Gary DuBois was top scorer for Bremen with 17 points.

The third quarter was still quite young when Rich went into the lead and was never headed. Bremen hauled up to within four points of the Rockets at one time but couldn't hang on.

The Bremen frosh-soph lost to Reavis Friday night, 51-42 but overwhelmed Rich 46 to 26 Saturday to take the conference frosh-soph crown.

Methodists Keep Winning; Teens Beat Catholics

The Tinley Park Church cage league champions added another win to their long string of victories Monday night when they walloped the Nazarenes 76 to 52.

Jeffers was top scorer for the victors with 28 points made up of 12 baskets and four free throws.

In the other game in the league this week St. George Catholic church lost to the Teen club, 30 to 22.

Race for State Cage Crown In Full Swing; Regionals Next Week

Beginning next week the prep basketball teams of Illinois will be in the midst of the annual state title quest.

A few district tournament are scheduled for this week but the regionals begin Monday, March 3. Following the regionals comes the sectionals and super-sectional and then in the third week of March the eight teams left in the competition will go to Champaign-Urbana where the finals will be played in the Huff gymnasium.

There have never been enough seats to accommodate those who would buy tickets for the state prep finals the same situation is expected to exist when the University completes its proposed field house that is to accommodate some 18,000 spectators. The quarter-finals, semi-finals and finals will be telecast, however, so it is probable millions will see at least part of the big cage show.

Getting back to the regional tournaments, Lincoln-Way and Rich will play at Joliet, while Bremen, Sandburg, Evergreen Park and Oak Lawn will see action at Blue Island. The other remaining member of the Southwest Suburban conference, Reavis, will play at Argo. Reavis meets Morton of Cicero in its first game, which is scheduled for March 5.

A Tough Card

The Blue Island tourney could and should be quite a clambake. Thornton of Harvey meets Morgan Park Military academy in the first game which comes at 7 p.m. Monday. The second game Monday night, scheduled for around 8:30, will see Sandburg pitted against

Evergreen Park.

The Parks have not given Sandburg too much trouble in the regular season but this is tournament time.

The Bremen Braves will play Thornton Fractional at 7 p.m. Tuesday and Blue Island and Oak Lawn clash in the remaining game of the card and night. Bremen should beat Fractional, looking at past performances and would then play Blue Island or Oak Lawn in game six, which is scheduled for 7:30 p.m. Thursday, March 6.

If Sandburg wins—as is expected—it will play Harvey or Morgan Park at 7:30 p.m. on Wednesday, March 5.

Thus it is possible that Bremen and Sandburg could settle a little matter of who's who by facing each other in a Southwest Suburban conference show.

The Rich Rockets are not like they used to be. This season has been a tough one for the Rockets but they still have their moments when they look awfully good and they could surprise. They play Joliet township high school Tuesday night, March 4, and Joliet's record for the year is pretty awful.

On Wednesday night Lincoln-Way meets Joliet Catholic high again.

China, Russia and India are the three largest countries by population.

John Adams, who died at 90, lived longer than any other U.S. President.

Ray Meyer to Speak at Church League Program

The Tinley Park Church league will hold its annual "Sports Night" Tuesday evening, March 11, at the Central school cafeteria. The events of the evening will bring to a close the 1957-58 basketball season.

The program will consist of the presentation of league trophies, both team and individual. There will be a movie, in color, on the "1957 All-Star Baseball Game," between the National and American leagues.

The highlight of the evening will be guest speaker Ray Meyer, basketball coach at DePaul university. Mr. Meyer is one of the outstanding college basketball coaches in the country and has coached the College All-Americans, on their annual post season tour with the Harlem Globetrotters, for more than seven years. He was the college coach of the great George Mikan, who went on to become the greatest basketball player of the century.

The doors will open at 7 with the program beginning at 7:30. The public is invited to attend this program. Refreshments will be served after the program. Donations will be accepted at the door.

OPEN SUNDAYS & EVENINGS

Blue Island High Will be Host to Area Grapplers in Regional Meet

Those who like wrestling in its pure or amateur form will have two days of the sport at Blue Island high school next week, February 28 and March 1.

The sectional wrestling tournaments are on next week and the winners will go to Arlington Heights March 7 and 8 to compete for the high school state championship.

While each school represented has a wrestling team they do not compete as such in the state tournaments. The championships go to individuals and not to schools.

This week-end the district competitions are in progress. In this area there are eight schools in the tournament at Thornton and the same number at Carl Sandburg.

12 Divisions

There are 12 weight divisions and the winners of first, second, third and fourth places in each division will go to Blue Island.

This means that 96 wrestlers—48 from each district competition—will see action next week at Blue Island.

The boys will weigh in Friday afternoon and Saturday morning and the matches will begin at 7:30 Friday night and 1 o'clock Saturday afternoon with the finals at 7 o'clock. First and second place winners will go to the state finals.

Donald Haas, Naperville, and Lou Kadhiroubas, North Riverside, will referee. Two bouts will be staged at the same time.

District Entries

Schools at Thornton district, besides the host school are, Thornton Fractional, Bloom, Rich, Blue Island, Morgan Park military academy, Kankakee and Bradley.

At Sandburg, besides that school, Bremen, Lincoln-Way, Joliet, Lockport, Ottawa, Morris and Oswego.

Oak Lawn and Reavis will appear in the district meet at Oak Lawn.

General admission tickets for adults and students will be available at the door.

Last week Tinley Park Church League games brought about a three-way tie for second place as St. George beat the Nazarene 49-46 and the champion Methodists dumped the Teen Club 56-55. The three teams now have identical 5-8 records with two games to go to complete the season.

St. George moved out of the cellar by virtue of its victory over the Nazarene. The Catholic squad presented its best balanced scoring attack of the season as three players scored in double figures. Leading 34-22 after three quarters of play the Catholic team saw their lead vanish as the Nazarene all court press captured the ball to run up twenty-four points in the fourth quarter, the highest number of points scored by a team in one quarter this season.

Ron Gallina, leagues leading scorer paced the winners attack with 12 points followed by Paul Jeffords and Bob Cupp with 11 and Ron Real with nine. Ron Bressi set the Nazarene pace with 17 followed by his brother Gary who had 14.

Lloyd Sunblad's jump shot with five seconds remaining in an overtime gave the Methodist a 56-55 victory over the Teen Club. It was the third overtime game in a row for the champion Methodist team. The game was close thruout with neither team holding more than a six point lead at anytime. The victory was the Methodists eleventh against only two losses.

Tom Jeffers of the Methodist, put out his best scoring effort of the season with twenty-three points, to pull within five points of the leagues leading scorer Ron Gallina. Bruce Ralson paced the Teen's with 19 points while Bob Goetsch dropped through 16 plus a good performance under the boards.

Eagles Lose to Oak Lawn and Share In Title

In the first meeting between Sandburg and Oak Lawn basketball teams this season the Eagles won and had only to repeat last Saturday night to clinch a tie for the Southwest Suburban conference basketball championship.

Sandburg entered the game with two defeats to one for Bremen. Bremen lost to Rich and was moaning low until word came that Oak Lawn had taken the Eagles 53 to 45.

The Sandburg frosh-sophs salvaged something out of the evening and provided the fans with a big thrill when they nosed out the Acorns in an overtime battle 33 to 30.

A disastrous third quarter plus the fact that Pat Ford who is generally driving the opposition crazy with his shooting was held to one basket and five free throws, accounted for the defeat of the Sandburg varsity.

The game started out as even as could be with the score 10-all at the end of the first quarter. Sandburg made 13 points in the second frame to 11 for the Oaks and so held a two point lead at the half, 32-21.

Then came that third quarter. The Eagles just couldn't get up off the ground and the best they could do was count three points. While the Sandburgs were not scoring Oak Lawn was, piling up 16 points in the period to lead 37 to 26.

The Eagles totaled 19 points in the last period but the Oaks tallied 16 to leave them an eight point lead at the end of the game.

John Arnold, of Sandburg and Rademacher of Oak Lawn tied for high point honors with 12 each.

Knights Down Spartans In Thrilling Finish; Frosh-Sophs Win Too

By FRED KIESLAR

Last Friday evening, the Knights succeeded in putting over a conference victory as downed the Oak Lawn Spartans 49-45 in a thrill packed tilt played at Lincoln-Way. The Lincolns frosh-soph also won.

The Knights, trailing by seven points at the end of the first quarter and were still behind 32 to 21 at the half. Holding the Spartans to five points in the third period, the Knights pulled to within four points of Oak Lawn at the end of that period.

In the final quarter Lincoln-Way tied the score with two minutes left to play. A basket and two free throws by Ron Fredin put the Knights ahead by four, the lead they kept for the remaining seconds.

Neil McGee, who is usually high scorer for Oak Lawn, was held to four points by Ron Fredin, who was high scorer for L-W with 15 points. DeVries lead the Spartans 30 points.

DeVries' scoring was done mostly in the first half, scoring 10 of the Spartans' 17 points in frame one, and 13 of that team's 15 points in the second. He was held, however, to two points in the third period, accounting for the drop in the Spartan's scoring in that frame.

The L-W frosh-soph squad took their game from Oak Lawn by a score of 61-52, after three tight quarters.

The Lincolns were behind by first frame, but came back in the second to tie the score with five points coming out of the seconds remaining in the half. A foul by a L-W player gave Oak Lawn the ball on the free throw line, and the Knights left the floor as the horn sounded one point down, 31-30.

At the close of the third quarter, L-W led by four points and had to fight to keep this lead in the first part of the final period, for it was a basket for basket for almost four minutes.

Then L-W broke loose and scored five points, and controlling the ball, held the Spartans for the remaining three minutes.

High scorer for the Knights was Tom Peterson with 21 points. Lou Dassau, with 18 points was leading scorer for Oak Lawn.

Tomorrow evening, Feb. 28, the Knights will travel to Reavis where they will play the Rams, in L-W's last '57-'58 season game. The frosh-soph tilt begins at 6:45 and the varsity encounter about 8:00.

Mokena Edges Closer to Grade Championship

The Meteors moved a step closer to their second successive DesPlaines Valley conference championship Friday night as they downed second place Laraway 49 to 47 in an over-time contest on the winners court. The game was as an exciting a struggle as had ever been played in the Mokena gym according to old-timers who were fortunate enough to be on hand Friday.

Laraway had inflicted an 8 point beating to Mokena in the second game of the season and another loss at this stage of the race would have been fatal to Mokena's chances. They have lost to Channahon for the only other blot on their record. The Meteors have won nine games and hope to make it ten when they close the season against Manhattan, Friday, Feb. 28.

Laraway jumped off to an early lead and pushed their advantage to 14 to 8 by the time the first quarter ended. Willie Gant, Laraway center paced this early spurt. Ronnie Yunker almost matched him with three baskets and Muehler had one to account for Mokena's eight points. Gant could collect only one bucket in the second quarter as the Meteors came within a single point of a tie at the half. Yunker collected four baskets and a free throw and Muehler chipped in with two baskets to bring the score to 22 to 21 at intermission.

The third quarter was fought on even terms with neither side able to secure an advantage. The quarter ended with the Meteors on the short end of a 32 to 31 score.

The fourth period started as though it were to be all Laraway and the home fans began to loose heart. Lally hit two baskets and Evans one as Laraway spurted to a 38 to 31 lead. Yunker counted with a rebound but another basket by Lally move the count to 40 to 33. Muehler then rallied the rapidly fading hopes of Mokena with a terrific personal scoring effort. His basket from the side made it 40 to 35. Evans' free throw put Laraway six points ahead 41 to 35 with the period more than half gone. Muehler's drivin-in cut the gap again but Evans hit again to move Laraway in front 43 to 37 with two minutes remaining. Williams stole the ball and drove the length of the floor to score to make it 43 to 39. Muehlers repeated the effort and then scored again just before the horn to tie the game at 43 to 43.

Evans started the overtime with a lay-up but Yunker's jump shot from the circle tied the game at 45 to 45. Yunker's second basket of the period was matched by Gant. Johnson then got his only score of the night, a short shot from the side to

Palos Winner of Grade Cage Tournament

Winner of the 2rd annual basketball tournament at the Orland Park grade school was Palos Park school of district 118.

The tournament was held Feb. 20 and 21, and attended by about 600 fans.

The four teams participating were Orland, Palos, Valley View and St. Michael.

Confined to heavy weight teams, on Thursday, Palos beat Valley View 35-20 in the first game. In the second game, Orland beat St. Michael 43-15.

In the playoffs Valley View beat St. Michael 49-20 and Palos beat Orland 21-13.

Final results were Palos, 1st; Orland, 2nd; Valley View, 3rd; and St. Michael 4th.

Following the tournament a dance for students of all schools was held.

Ronnie Yunker has his greatest scoring night with a fantastic 29 points. Muehler had 16 with eight coming in the final period.

The Meteorites made the final home games of the season all victorious by turning back Laraway in the first game 33 to 26. Laraway had beaten the Meteorites in their first encounter and also in the Taft Tourney. Steve Smith sparked Mokena to an early 23 to 6 lead and were never headed after the first period. The Meteorites are now tied with Laraway with a 7 and 4 record.

Pampering Self Leads to Sin, Says Writer

By REV. JOSEPH MANTON
(Paulist Feature Service)

No one would be fool enough to use his fountain pen to drive a nail into the wall. He knows the nail wouldn't move and the pen would shatter into bits. Like everything else, a pen has a purpose, and it isn't to serve as a hammer.

Everything in life has its appointed purpose. If you ignore it, or defy it, you pay. Bathe a dark room with light and you will get no picture. Hang black curtains in your hot-house and you will get no flowers. You are charging head on against the nature and purpose of the thing. Only ruin can result.

What is true of things is true of man. As human beings, we must act according to our nature and our purpose. But it must be according to our whole nature and our ultimate purpose. Man is a combination. Just as water is made up of hydrogen and oxygen, man is made up of body and soul. In judging man's actions we must always consider the whole man.

Drinking is a pleasure which man enjoys. But when a man drinks too much, only a part of him enjoys it; the other part suffers. The man who drinks until he can't walk straight or think straight, has betrayed part of his nature. He has pampered his palate and capsize his reason. He has acted against his whole nature, which is a human body directed by reason, conscience, and his soul.

Always a Reason

Nothing is ever just wrong. It is always wrong for a reason. Something is forbidden because it runs counter to the

nature and purpose of man as God made him. Sexual union outside of marriage is wrong. The purpose of sex is to produce children. Only in a family can the child resulting from the union be assured of the loving care and training it deserves.

Sexual liberties, like passionate kissing and touching, are wrong for young people before they are married. The whole nature and purpose of the passions is to stimulate people toward the fulfillment of the marriage act. That is why God put the passions there. If you have no right to the marriage act, you have no right to start the machinery in motion.

But there is a complication. Due to original sin, which so many forget about today, there is in every human heart a built-in attraction to evil. Argument is no match for it at the critical moment of temptation. It is easy to pile up arguments now. But when some real temptation spreads before you and you are ready to fall, at that moment don't look to logic—look to the Lord. Look to our Beloved Saviour Who died to make up for your past sins and to save you from future ones. Alone, you can't win; you can't beat the temptation. But with His help you can't fail.

Labor day is the only national holiday recognized by Congressional action.

Save Money on Water Softening

Your softener needs
less frequent regeneration...

when you use Sterling Brine Buttons! Thus, a bag of these handy salt "buttons" goes along way. There's no waste, either. And, best of all, Sterling Brine Buttons cost so little.

Softeners Work Better. Sterling Brine Buttons are made for either single- or double-tank softeners. They're just the right size, shape and density to dissolve at a uniform rate. And, unlike loose salt, they prevent caking in your softener. Sterling Brine Buttons keep your softener at peak efficiency—longer!

Less Work. When you do regenerate, you'll find Sterling Brine Buttons easy to use. Just measure them right out of bag into your tank. They dissolve completely, so there's never any residue left to flush out after salting.

• There are other types of Sterling Water-Softener Salt available. Ask your dealer or soft-water service man to recommend the type that's best for your softener.

Business and Finance

By MAURICE P. ANGLAND

About a year ago the board of governors of the Federal Reserve followed its announced fears of inflation and suggestive efforts to slow down that inflation, by positive action to tighten credit. Interest rates were increased, with other pressures on the banking system of the country. The result was what we choose to call "tight money". This policy had the effect of forcing abandonment of many projects that depended on bank credit or borrowed money for completion.

Most bankers will agree that the Federal Reserve has within its power, control of inflationary pressure thru constant shortening of supplies of bank credit.

However, it must be remembered that efforts to check inflationary processes are always painful to some segments of the people. The tightening of credit pinches some business activities more than others at any given time. It is obvious that the majority of people do not save money and are not investors. Their interest in the preservation of the purchasing power of the dollar, is largely academic when compared with their immediate desires for current income and no penalties for past inflationary excesses.

This borrowing from the future, thru depreciation of the monetary unit has been going on since the world's first monetary unit was created. Using 1900 a base value for the dollar, as of 1957, the dollar had a purchasing power of 18 cents. The rise in value of common stocks on the New York Stock Exchange has been somewhat greater than the depreciation of the dollar in that period.

Our Federal Reserve officials still express themselves as much more impressed by the likelihood of further inflation than of deflation at this time. However, the Federal Reserve has taken several steps to ease credit and make it easier for borrowers to get bank credit. These steps were forced by the fact that the government has several billions of debt coming due which must be refinanced on a longer term basis. Interest rates under tight credit conditions would raise the government bond interest rates to a point where they would be increased by as much as forty and fifty per cent of rates of those being refinanced. Villages, cities, school districts, etc. were having trouble borrowing at rates their budgets could handle. On top of this was the slow down in business and some unemployment.

This latest Federal Reserve step to ease credit was to reduce the size of reserves banks are required to carry on a non-interest basis with the Federal Reserve Bank in their district. This reduction permits an ex-

Homewood Savings And Loan Reports Gain for Past Year

At the annual meeting of the Homewood Savings and Loan Association Wednesday evening Feb. 19th, at the Association Offices, a report of the past year's activities was made by the officers. Mr. C. Collier, Chairman of the Board, commented upon the past years growth, and forecast another growth year for the association. The trend in 1958 will call for a little more conservation in credit relations but the development of the area will continue because of its great diversification of business interests and the growth therein he said. The carrying on of business is accomplished by people in the area who require homes.

The annual report submitted by R. Krause, Association president disclosed a net savings increase in 1957 of \$1,450,000. This is 17.5% over 1956 and previous record year in savings amount. Assets of the Association increased 17.3% to a new high of \$10,781,365.42 for a growth approximately \$132,000 per month in 1957. The number of savings accounts rose by 800 net to a total of 6264 at year's end. Home loans in the amount of \$3,000,000 were made during

pansion of \$500 million in bank credits. Further reductions in these bank reserve requirements are expected by not later than the middle of April when business borrowing to pay income taxes will be heavy.

All this will effect borrowing of business for expansion, the building of homes and other long range borrowing. Steel inventories show signs of lightening. Steel scrap prices have been advancing in price for a number of weeks.

the year with 29% of this total devoted to new construction. Net earnings for the year amounted to \$419,900 another new high, with \$283,000 being paid in dividends and \$136,000 credited to reserves. Reserves are now 7.8% of total savings accounts.

Death Claims Albert Borms 75, Retired Farmer

Albert Borms, 76, of Frankfort a retired farmer, died Friday at the Lincoln Nursing Home following a four week illness.

He was born in Green Garden township March 25, 1882 and farmed in that area until 13 years ago when he retired and moved to Frankfort.

Married to the former Martha Bettenhausen Feb. 20, 1907. Thursday was their 51st wedding anniversary. Mr. Borms was a member of the Methodist church.

Besides his widow, he is survived by three sons, Orlyn of Tinley Park, Reuben of Boynton Beach, Fla., and Richard of Peotone; one daughter, Mrs. Dorothy Lehnert of Frankfort; 13 grandchildren; four great grandchildren and one sister, Miss

Frieda Borms of Frankfort.

Funeral services were held Sunday at the Frankfort Methodist church. The Rev. Ben Day officiated. Burial was in Green Garden township, Greenview cemetery.

Wedding Anniversary

About 60 relatives and friends gathered in the village hall Saturday evening, Feb. 15, to honor the 35th wedding anniversary of Mr. and Mrs. Henry Hossbach.

Their children entertained for them. Mrs. Hossbach received a corsage of white carnations and red roses and Mr. Hossbach wore a white carnation boutonniere.

Cards and games were played

A purse of money was presented the honored couple. Guests came from Matteson, Chicago Heights, Peotone, Joliet, Steger and Orland Park. A buffet luncheon was served.

The Women's Guild of St. Peter's church met in the church parlors yesterday with Mrs. Ralph Nieland in charge of the devotions. Mrs. Burton Breidert was program chairman. The guest speaker of the day was Mrs. Alma Eilers, a student at Elmhurst college who visited the mission fields on a Layman's Tour showing pictures of the tour.

Mrs. Wilbur Hossbach entertained recently at a party for her daughter Diane, who celebrated her fifth birthday. Games were the afternoon's pastime and later ice cream and cake was enjoyed. Guests were Ruth Fleck, Larry Bettenhausen, Barbara Seemann, Michael Hossbach and Robert. Mary Ann and Larry Cooper. Diane received many nice gifts.

Mr. and Mrs. William Seemann, Mr. and Mrs. Harry Miller and daughters Lorna and Donna and Mr. and Mrs. Orville Schinkowski and children were dinner guests Sunday evening of Mr. and Mrs. Fred Schinkowski. The event was in honor of the latter's birthday.

Mrs. Blanche Mitchell spent a week with her daughter and family Mr. and Mrs. Robert Froy at Steger.

The Max Feller family of Chicago moved into their new home on White street recently.

Mrs. Roderick Rainford underwent major surgery in Silver Cross hospital Monday morning.

The Senior Youth Fellowship of St. Peter's church will meet

next Sunday at 7 pm. in the church.

St. Peter's church board meets next Tuesday evening, March 4 at 7:30 pm. Also on Wednesday after Lenten services, the Sunday school workers will meet.

Miss Viola Lankenau entertained the Amite club in her home Tuesday evening.

The Evening Circle of the WSCS of the Methodist church will meet in the church Tuesday March 4 at 8 pm.

The Afternoon Circle of the Methodist church will gather in the church Thursday afternoon March 6. The meeting will begin with dessert coffee at 1:15 pm. Hostesses will be Mrs. Lloyd Heisner and Mrs. Arthur Bauch. The program will be given by Mrs. Ervin Schellhase and Mrs. Jacob Hostert will have charge of the business meeting.

Dr. and Mrs. O. J. Novota entertained in their home Saturday evening at a surprise party for Mrs. Stanley Warning, in honor of her birthday anniversary. Games were played and later dinner was served. Other guests were Stanley Warning, Mr. and Mrs. Henry Mossel, Mr. and Mrs. Scherril Rahm and Mr. and Mrs. Raymond Putnam.

Mr. and Mrs. Glenn Batson of New Lenox and Mr. and Mrs. Edward Dorband of Blue Island spent Sunday afternoon and evening with Mr. and Mrs. Elmer Batson.

Mr. and Mrs. Eugene Batson and children spent Sunday afternoon with Mr. and Mrs. Edward Fricke at Lansing.

Mrs. Donald Freeh was the honored guest at a stork shower given for her by Mrs. Howard Osmus and Mrs. Irving Rud-

man in the latter's home last Friday evening. Games were the evening's diversion followed with a luncheon.

Mrs. Freeh received many lovely gifts from the guests who were, the Mesdames Claude Otto, O. J. Novota, Merle Otto, Joseph Petnuch, Ralph Thoresen, Con Wieringa, Albert Krusemark, Burton Breidert, Paul Lambrecht, Wendell Morrison, Ralph Dralle, Leroy Mager, Lynn Kohlhaugen, Fred Kohlhaugen, Robert Fredin, Marie Bettenhausen, Miss Lois Bettenhausen and Glenn Ferrell.

The Good Shepherd Circle will meet at the church Tuesday, March 4, at 1:15 pm. It will begin with dessert coffee. Hostesses will be Mrs. Howard Bell and Mrs. Donald Hopkins.

Mr. and Mrs. Ervin Schellhase entertained their card club in their home Sunday evening. Prizes were awarded to Mr. and Mrs. Clyde Reils and Wilbert Klier. Later refreshments were served.

Reuben Borms of Boyton Beach, Fla., who was called here by the death of his father, Albert Borms, spent several days with his mother and family before returning home. Also Lester Borms of Bethel college, St. Paul, Minn., son of Mr. and Mrs. Orlyn Borms of Tinley Park, attended the funeral of his grand father, Albert Borms.

Thomas A. Edison was dismissed from a job as a young man for sleeping while on duty.

Manhattan Phone Sale Gets O. K. By U. S. Court

(CNS)—The United States Court of Appeals Monday dismissed a petition by George J. Murphy of Chicago and the Business Men's League of the United States for review of a federal communications commission order on April 18, 1957, denying a rehearing on its granting on Jan. 7, 1957 of the application of Illinois Bell Telephone company to carry thru a contract for taking over the Manhattan Telephone company of Manhattan, Will county, which has eight employees and 615 subscribers, for a price of \$64,100.

The opinion, written by Justice J. Earl Major and concurred in by Justices F. Ryan Duffy and John S. Hastings, pointed out that the objectors did not appear until Jan. 30, 23 days after original FCC order, and long following approval by the Illinois Commerce commission. The interest of both objectors is based on the claim that as general telephone subscribers, they are losing by payment of price "excessive" by \$41,000 for the Manhattan properties.

Concerning an added claim that the same petitioners represented "the public interest to protect the failure of the Commission to enforce the national policy concerning monopoly, the opinion said:

"To hold that every Tom, Dick, and Harry can attack the orders would render meaningless the section which limits the right of review to 'a person who is aggrieved or whose interests are adversely affected.

"If petitioners have a right to attack the order as representatives of the public, all other subscribers of Bell would have the same right. Such a situation was obviously never intended by Congress and, if countenanced by the courts, would result in intolerable delay and confusion."

None of the subscribers at Manhattan has had any objections to the sale.

Lutherans Hold Special Lenten Church Services

Special Lenten services are being conducted at Christ Lutheran church, Orland Park, Trinity Lutheran church, 159th and Oak Park ave. and St. John's Lutheran church, 183rd st., Tinley Park.

A series of sermons on "Questions from the Passion Story" will be delivered by the respective pastors of these churches, the Rev. Adolph Lach, the Rev. Carl Hoeh, and the Rev. Henry Meyer.

The Passion Story, Lenten hymns, and Lenten music will be featured.

Everyone in the community is invited to attend these special hours of Lenten worship to strengthen spiritual life by meditating upon the great love of Jesus.

The series of meditations will consider these provocative questions: "How, then shall the the Scriptures be Fulfilled?" "Lord, shall we smite with the sword?" "Art Thou also One of His Disciples?" "Tell us whether Thou be the Christ." "Barabbas or Jesus?" "What shall I do with Jesus?"

WWI Widows Can Apply Now For Pensions

The Illinois Veterans' Commission urges widows of World War I veterans, who were disqualified for pension benefits from the government due to income limitations, to apply for 1958 payments if they anticipate an income below the set limitation.

Pension benefits are granted widows who meet all qualifications and whose income is less than \$1,400 without dependents or \$2,700 with dependents.

Eligible widows who file a statement of anticipated income may again be placed on the pension rolls.

Widow of World War II veterans may also qualify, provided the veteran was receiving or entitled to receive compensation at the time of death, even though the veteran's death was not service connected.

All widows who feel they may be entitled to pension benefits are urged to visit their nearest IVC Office. The Service Officer in charge will provide the necessary application forms and will assist in their completion.

In Will county, veterans should contact the Illinois Veterans' Commission Service Officer at 4 E. Clinton street, Joliet.

The office is open Monday thru Friday from 8:30 a.m. to 5 p.m.

In Thee, O Lord, do I put my trust: let me never be put to confusion.—(Psalm 71, 1.)

Those who put their trust in God, completely and without reservation—who say "Thy will, not mine, be done" in wondrous faith, shall evermore be calm and strong, free from doubt and confusion.

It's important that we all exercise our right to vote. A reminder for those in our area who haven't registered to do so at Kirby school Saturday, March 1 from 4-6 pm. You must be registered in order to vote.

Health Program

Mrs. Goble, PTA president, tells me her idea of enlisting the aid of the county in instituting a health program for the children is taking concrete shape. Public Health nurse Mary Stypul will arrange for examinations and inoculations of all Kirby school children by Dr. Helmut K. Feldmann. There are certain forms to be filled out by the parents, as well as transportation set up for the children to doctor's office. Cooperation all around is insuring good health.

The Schulis' house was recently purchased by a very friendly family. We extend our heartiest welcome to the community to Mr. and Mrs. W. P. Fuller and son.

This is just coincidence, but Kirby school principal, Walter Kosek became the father of a boy last week, and guess what his name is? Kirby Scott!!

Let's send get well cards to Mrs. Harold Bell at St. James hospital in Chicago Heights. She is undergoing major surgery this week.

The Seppa family has an unwelcome visitor who won't stay long I'm sure, the measles. We've certainly had a lot of flu around here—but never expected measles!

The Scouts Blue and Gold banquet is tonight, at 6:30 in St. George church basement, complete with brief speeches, entertainment, eats and all.

To point up the high caliber of our teachers at Kirby school, Mrs. Roland Bagby is a fine example. Active in civic life, Mrs. Bagby is currently managing to take a course in Logic at the University of Illinois extension, Oak Forest, as well as spearheading formation of a group for handicapped children. Hats off!

Sheriff Lohman will speak at the next meeting of the PTA March 10 on "Juvenile Protection against Delinquency." All are invited.

Newly elected board of directors of the Southlands Property Owners Association held their first board meeting last night. Among the topics discussed was the proposed new ordinance on Law to regulate the use of property.

Plan Million Dollar Hotel In Thornton

(CNS) Rezoning to permit construction of a million dollar hotel on an 11 acre tract at the northeast corner of 159th st. and the Calumet expressway, Thornton township, has been approved by the Cook County board.

The commissioners Monday changed the zoning from farming to B-1 business.

Albert Randall, Glencoe, president of a paint manufacturing company, said he owns the

land and would develop the hotel.

The two story hotel will contain 200 rooms, a restaurant, and a year round swimming pool. Testimony was presented that an adjoining 7 acre tract will be made into a lake and stocked with trout for hotel guests.

A portion of the 11 acre tract was withdrawn from the rezoning application. The county highway department said a section along the south line will be needed for additional widening of the expressway interchange.

The property is bounded on the north by the Little Calumet river.

Rezoning was recommended by the county zoning board which noted no objections were offered by Lansing, South Holland, Dolton and Calumet city although all were notified.

A sewage treatment plant will be constructed for sanitary facilities and a deep well will be drilled for water supply. An adequate area will be set aside for off street parking, the zoning board said.

Auditorium Now Complete At Lincoln-Way

Lincoln-Way high school has waited almost four years for an auditorium and now it has one.

The space has been there since the school was built but the money needed to finish the auditorium—install seats, lights stage fittings etc., was not available until now.

The first assembly was held there Feb. 13, in honor of the birthday anniversary of Abraham Lincoln and the first public use was last Sunday for a home talent show sponsored by the Amvets and the American Legion and VFW posts of Mokena, Frankfort, New Lenox and Manhattan.

Good for Community

The auditorium has a seating capacity of 654 and will be of great service to the community for public meetings.

The architectural firm of Childs and Smith tried to utilize the school colors, red and black, insofar as possible. The seats are black with red upholstery and the color scheme also is carried out in the wallpapered walls. The stage curtain, a gift of the Parent Teachers group, has a beige background with a modernistic design of red, yellow and black.

The latest sound and lighting effects have been incorporated into the construction. The sound system can be used either entirely separate from the main intercommunication system in the school or can be connected with one or all of the rooms in the school plant. The plaster is of a special acoustical type adding a great deal to the sound reinforcement.

Add Four Rooms

The stage is of adequate size for all major productions and

Bremen GOP to Honor Moore At Dance March 29

A dance to honor Don A. Moore, Republican township committeeman, will be held in Sanger hall, Tinley Park March 29. Chairman of the affair is George Kreis, township highway commissioner and director of the GOP township organization. Judge Walter Rhode is in charge of tickets.

State and county GOP activities were reported on by Moore at the meeting held last Wednesday. He also stated all of the state and county GOP candidates would be present for the members to meet personally at the next meeting to be held in Sanger hall, March 19.

has all the equipment for lighting effects.

Completing the auditorium was part of a building program launched last year. Four new class rooms were added to the plant, forming a wing to the north at the east end of the building to match the projection of the auditorium at the west end. Besides the new rooms there was also some remodeling done. The construction work was done by Hansen and Petersen Co., one of the oldest contracting firms in Joliet.

Friends from Frankfort, Ill.

March 1 and 3 are the last dates for registration in order to vote in the April 8 primary. It was stressed at the meeting.

ORLAND PARK UNIT

Because of the religious services held Wednesday during the Lenten season, the March meeting of the Orland Park PTA will be held Tuesday evening, March 4 at 8 pm. in the 7th grade class room. Mrs. Hans Bader, president, will preside.

Following the business meeting, the program chairman will introduce Miss Jessie F. Binford who will speak on the juvenile problem. Miss Binford was named one of the 100 outstanding Chicago citizens, chosen for distinguished achievements and contributions to the city. She is a pioneer associate of Jane Adams at Hull House, 800 S. Halsted, where she resides. She served for 35 years as executive director of the Juvenile Protective Association. Miss Binford is an outstanding person and we are very proud to have her as guest speaker at the March meeting. Everyone is invited to attend, whether you are a member of the Orland Park PTA or not, as we are sure you will derive much from her talk and enjoy meeting her personally.

A social hour will follow the meeting, with refreshments served by the 4th grade room mothers.

Show A Success

Mrs. James Foley, President of St. Michael's Altar and Rosary society, reports that the fashion show which the society sponsored was a tremendous success and the proceeds will surely help the school fund.

Mrs. Daniel Gawne and Mrs. John Haney were the chairmen of this endeavor. Mrs. Emmett Dice and her committee were in charge of the tickets.

Mrs. George Teipe, Mrs. Andrew Simke, Mrs. Stephen Vaenti and Mrs. Raymond Heeniff made the beautiful decorations and Mrs. Matthew McBride, Mrs. Raymond Barry and Mrs. James Badel made the unique programs. Mrs. James Nelson obtained the location.

Mr. and Mrs. Walter Yunker and daughter, Mrs. James Gray were dinner guests Feb. 17 of Mr. and Mrs. Arthur Oakes in Chicago, honoring their 7th wedding anniversary. Mrs. Oakes is also a daughter of the Yunkers.

Mrs. Michael Chiappetti and son Michael celebrated their birthdays Saturday, Feb. 22, with a party. Relatives were guests.

Fourteen ladies from Orland Park attended the World Day of Prayer services held in the First Congregational church in Oak Lawn, Friday afternoon. Mrs. Harry Anderson, president of Orland Park Methodist church WSCS took part in the service.

Some Orland women attended like services at Tinley Park, Blue Island and Mokena.

The John Hutchinson family who have resided in Orland Hills the past five years, have moved to Solon, Ohio where Mr. Hutchinson will manage the Shimmers market.

Mrs. John Homerding of 127th and 104th ave., is confined in her home, suffering with a leg infection.

The meeting of Laurel Camp 1796 RNA will be held in the home of Mrs. Stanley Cooper, this evening, Feb. 27, at 8 o'clock Mrs. George Flondor and Mrs. Eldon Nicolai will assist during the social period.

Mrs. William Jacobson, daughter Mrs. Irene Borgo and grandchildren of Capron, were guests of her daughter Mrs. Stanley Cooper, last week.

The 1958 Red Cross drive for funds in the Orland Park area will open March 1 and continue throughout the month. Volunteers in town will make a house to house canvass and residents in the outlying areas will be contacted by letter. Mrs. Sherman Knox is chairman.

The ladies of St. Michael's Guild who sponsored a skating party Feb. 15, are grateful to all who attended. The zero weather did not seem to dampen their spirits.

The ham which was donated by E. Czwozniak, was awarded to Mr. Lembre of Orland Park.

The proceeds from the party, which will go toward the school deficit, were presented to the Rev. Frank Coyle, pastor, at the Guild's February meeting.

Speech Winners

Bremen placed in five events in the annual Southwest Suburban conference speech contest at Lincoln-Way high school.

First place in original monologue was won by Nancy Campbell, with George Rieke taking second in radio speaking. Pat Rea rated third in after-dinner speaking, and Dave Syfert took fourth place honors in extemporaneous speaking.

Other Bremenites who participated were Robert Krygowski, Paul Frederick, Robert Cox, Donna McLennan, Judy Williams, Virginia Withey, Ilene Stokes, Stanley Ferguson, and Darlene Schmidt.

Mildred Rogers, faculty sponsor of Bremen speech contestants, accompanied the group.

Fresh Election

The freshman class at Bremen high school has elected officers Friday, Feb. 7, after a campaign in which the interest ran high.

New officers chosen are Jack Riback, president; Andy Postlewaite, vice president; Cheryl

The oldest blacksmith shop in the Chicago area in point of almost continuous operation will start its second century of existence this week. It is the nostalgic old throwback to the horse and carriage age that has long been one of the most popular features of the Iron and Steel exhibit at Chicago's Museum of Science and Industry.

Historically, this picturesque old shop with its warmly glowing fire near the forge and its big accordion-sectioned bellows, is the same smithy that for years was one of the prides of Millstadt, an old Illinois community of about 1500 population just south of East St. Louis in the southwestern part of the state.

Established on a grand style basis in 1858 with a crew of six to ten busy blacksmiths, the shop was a focal part in Millstadt life for many years. That was during the era of Peter Oldendorph, its first owner, and later when it was operated by his sons and their sons.

Taken down brick by brick and timber by timber even to the door-sill, and with each part numbered, the old blacksmith shop was brought to the Museum to become one of its first exhibits when it was opened to the public in 1933.

In recent years it has been presented in the Museum as an actually operating attraction, with Carl Johnson, a real old time blacksmith still forging miniature horse shoes.

The results of the soybean variety trial held on the Fred Miemeyer farm compared favorably with results of other tests in Northern Illinois. The recommended varieties for this area are: Chippewa, Harosoy, Hawkey and Adams. Chippewa, an early bean, has replaced Blackhawk. The varieties above are arranged from early to late maturing varieties. Harosoy has given the best yield in numerous tests in Illinois.

Illinois Dairy Herd Improvement Ass'n records show that 63 cows producing 5000 pounds of milk will return about \$5,000 income to the producer. It only takes 20 cows producing 10,000 pounds of milk to achieve the same income. Careful selection and upgrading of dairy herds is important.

Corn that is below 20 percent moisture can be considered fairly safe for continued storage. Corn with more than 20 percent moisture will spoil when warm weather arrives.

What are the possibilities with corn above 20 percent moisture?

- (1) Reduce moisture content and store it. This means drying in place, or shelling and drying.
- (2) Sell it and take moisture discount.
- (3) Feed it to livestock. It should be fed out by May 1. Don't ensile corn with less than 30 percent moisture unless you add water.

I met with Ed Mayhew's evening school group at Bloom High. We talked about farm programs and policy. We didn't come up with the perfect answer to the numerous problems confronting agriculture, however many projected solutions came in for careful scrutiny. It was pleasant to visit with this group again.

Planting trees and shrubs, care of lawns and flower plantings—these topics seem remote with below normal temperatures and deep snow.

The time will be here before you know it. H. R. Kemmerer, landscape specialist, will be in the county for a meeting on Tuesday, March 4, 7:30 p.m. at the Tinley Park Farm Bureau building. He will discuss selection and care of shrubs, lawn care, and home ground plantings. Anyone interested in these subjects is welcome to attend.

An estimated 20.4 million people lived on farms in April 1957. This was a net increase of 4.7 million since 1950. Accompanying this increase in farm population was a decrease of 150,000 in farm households between 1950 and 1957 while non-farm households were increasing by a million a year.

Almost 40 percent of the country's farm residents were employed in non-agricultural industries in 1957 compared with only 14 percent in 1930. Of three million engaged in non-farm work, one million were women. Today only 12 percent of the nation's population lives on farms compared with 30 percent in 1920.

The estimated realized net income of farmers in 1957 is slightly below that of the 1956 level.

The Lincoln Log

Homemakers Luncheon

The Lincoln-Way Future Homemakers of America recently held an executive board meeting at a dinner at the Blue Willow in Lockport.

The following officers and teachers were present: Donna Heinecke, president; Beverly Mundt, vice president; Jean Ann Meyer, secretary; Mary Ann Snider, treasurer; Norma Heidrich, parliamentarian; Lois Fee, chairman of degrees; Margie Tomany and Marilyn Schultz, historian co-chairmen; Jo Ann Mundt, projects chairman; Judy Eden and Sharon Cappel, co-chairmen of recreation; JoAnn Hansen, chairman of public relations; Miss Roselyn Wise, FHA sponsor; Mrs. Mildred Foster, Homemaking teacher and

Mrs. Nancy Mussaro, student teacher.

Future plans for the FHA were discussed.

Style Show

The Lincoln-Way Future Homemakers of America had the honor of presenting the first assembly in the schools newly finished auditorium. The assembly was in honor of Abraham Lincoln's birthday.

The program consisted of a style show comparing the styles worn during Abraham Lincoln's era and the present day styles. The narrator of the show was Christine Duffy.

Donna Heinecke, president of the F.H.A. opened the assembly with a welcome.

Dave Larson, Elaine Wade, Gwen Doering, and Penny Fiegen played in a Civil War drum quartet at the beginning of the program and Kay Seltzer opened the show by singing "This Is My Country".

Sharon Wolfe accompanied those modeling Civil War clothes with Civil War music and Everett Cline accompanied those who modeled present styles with music of the present.

Our Homemaking Advisory Committee helped in getting the clothes from the Civil War Period.
